Bakers Union Under Senate Spotlight Today

Disappearance Of Funds, Favors To Employers Probed

WASHINGTON (AP)—Senate rack-ets probers sought today to show who got expensive automobiles and tens of thousands of dollars allegedly misappropriated from Bakers Union funds.

They also want to know whether, as has been reported, certain union officials exchanged favors with employers with whom they had collective bargaining dealings.

Split Into Warring Camps

Allegations on these and other scores have split the 160,000-member union into warring camps and led to investigation by the special Senate committee seeking evidence of wrongdoing in labor unions and industry.

Chairman McClellan (D-Ark.) and committee counsel Robert P. Kennedy announced they were calling Anthony Conforti, president of the union's Local No. 1 in Chicago as the leadoff witness. James G. Cross, the union's embattled international president and George Stuart, resigned former vice president are other listed key witnesses.

Meanwhile, Sen. Mundt (R-S.D.) made public a letter in which he proposed hearings dealing with alleged misuse of their companies' funds by some corporation officials. He did not name them.

Fix Points of Inquiry

Mundt included this as one of six points of inquiry he said he felt should be completed by the

Doctors Perform Amazing Surgery On Man's Eyes

NEW YORK (AP)—A man who couldn't cry now weeps when he eats.

He couldn't cry because disease had knocked out his tear glands. This also meant he had no normal moisture at all in his eyes. They became dry, scratched, ulcerated. He began going blind.

Surgeons stepped in. They interlarded a duct that brings saliva to the mouth, and switched it over to one eye. That provided sight saving moisture.

But then whenever he ate, or saw food, his eyes watered just like your mouth waters when you're hungry and sit down to dinner.

"I needed a little moisture in my eye, and they gave me Lake Erie," the young man said.

The surgeons fixed this too. The disease had also knocked out the drainage duct that removes the water fluid normally produced in a healthy eye. They gave him an artificial drainage tube into the nose.

Now he has an eye which is normally moist, but which doesn't flood so much when he sees food.

This amazing case was described today to the American Medical Assn. by Dr. James E. Bennett and Arby L. Bailey, of Crile Veterans Administration Hospital in Cleveland.

The surgeons now plan to fix his right eye, which also was dried and damaged in the same way.

The man, a Negro, 24, suffered an eye condition known as xerophthalmia, as an aftermath of a serious skin disease.

Two Men Fined In Hanover Township

Two men were fined a total of \$150 Tuesday by Hanover Township Justice of the Peace Clyde Knes-trick.

Fined were William Ruby Jr., of Guilford Lake, \$125, on a charge of operating a gambling device for personal profit, and Hassel Bur-chett, of Salineville, \$25, for dis-turbing the peace.

The arrests were made by Con-stantine Roy Painter of Hanoverton, and his assistants, Wayne Zurchur of Minerva and James Ludwig of Signal.

IKE FAVORS NUCLEAR WEAPONS BAN — President Eisenhower, shown being questioned by United Press correspondent Merriman Smith (standing), announced at his news conference in Washington that he favors a total ban on nuclear weapons. Such a ban, he added, would have to be linked firmly to an international agreement, backed up by inspection, prohibiting forever the use of these weapons in war. Seated beside the President on the right are Press Secretary James Hagerty and his assistant, Ann Wheaton.

2 Girls Badly Hurt By Auto

In Hospital After Trying To Cross Road

Five persons were injured, two hospitalized, following two ac-cidents Wednesday on nearby high-ways.

Two East Liverpool girls were admitted to East Liverpool City Hospital Wednesday after they were hit by a car driven by Otis McFadden, 31, of East Liverpool, on the Grims-Bridge road, two miles east of East Liverpool, at 8:30 p.m.

Betty Johnston, 10, daughter of Mr. and Mrs. Clyde Johnston, is in critical condition with a possible fractured skull and contusions and abrasions of the face and arms.

Belva Boyd, 15, daughter of Mr. and Mrs. William Boyd of East Liverpool is in poor condition with a possible fractured pelvis, right leg and left ankle.

State highway patrolmen said the girls ran into the path of McFadden's car as they were attempting to cross the road.

3 In Family Injured

Three persons, two of one fam-ily, were hurt when cars driven by Betty Ruane, 31, of Canfield, and Allen McLean, 16, of Berlin Center collided at the intersection of Shields and Tippecanoe Roads, two miles east of Canfield, Wednes-day at 3 p.m.

Injured were Mrs. Ruane, con-tusions of the nose; Richard Ruane, 12, her son, fractured right wrist, and McLean, lacerations of the head and abrasions of the face and knee.

All were treated at Youngstown South Side hospital.

The case is still under investiga-tion, Canfield state highway pat-rolmen said.

'Teacher of the Year' Speaks 11 Languages

ASHEVILLE, N. C. (AP)—Mrs. Ellie Lee Kahl of Phoenix, Ariz., who speaks 11 languages and is a registered nurse, was named "Teacher of the Year" today by the General Federation of Wom-en's Clubs.

Mrs. Kahl was picked from among top teachers entered by women's clubs in 28 states.

She is the first winner in the federation's new "Oscar for Teachers" program to honor the nation's teachers in much the same way Hollywood honors the movie stars.

Mrs. Kahl wins a citation and a flying trip to the Scandinavian countries.

She has taught in high schools and colleges, engaged in nursing, tutored the bedridden and con-ducts a free summer school.

The subjects she has taught range from French and Latin to chemistry and physics.

Currently teaching in Scottsdale (Ariz.) High School, Mrs. Kahl is secretary-treasurer of the teach-ers' Assn. in Phoenix.

The idea behind the award was to "increase prestige of the teach-ing profession," interest more young people in selecting "it as a career, to honor teacher who have done exceptional work and to try to raise teacher salaries.

Council To Set Exact Millage June 19

Leetonia To Vote On Operating Levy

LEETONIA — A request for pas-sage of an operating levy will be placed before Leetonia voters at the Nov. 5 election, it was decided by Village Council last night. The exact millage will be determined by Council at a meeting June 19. The village is operating at a deficit, and the levy is necessary to continue operations, Council points out.

In other action, councilmen di-rected the light committee to meet with the Ohio Edison Co. to deter-mine what village lights should be turned out. The electric com-pany will be asked by the commit-tee to make a survey of lighting in the village, which is being cur-tailed in an overall program to cut expenses.

Sewer Bids Rejected Bids on the York St. sewer pro-ject were rejected by Council as "unsatisfactory," and readvertis-ing will be started immediately, it was decided. The sewage project will cover a 370-foot area on York St. which runs between Washing-ton and Walnut Streets.

Council approved the request of John Coppersmith of Ridge St. to exchange his vacant acreage on Ridge and State Sts. for Copper-smith's share of assessments of street paving on Ridge St.

The exchange will enable Council to make the Ridge St. area a thoroughfare onto State St. Ridge is now a dead end street.

Initial reports on development of a surface water project in the village indicate that proposed costs are too prohibitive, Dale McCormick, a member of the Board of Public Affairs, reported to Coun-cil.

Further surveys will be taken on the proposal to inaugurate a water well at the village pumping sta-tion, council decided.

Dump Hours Are Set Chains will be placed across the entrance to the village dump, lo-cated west of the village on the State St. extension, and the area will be patrolled by village police.

The entranceway will be barred from 9 a.m. to 6 p.m. six days per week, with only village and Salem Township residents per-mitted to use the dump.

Council took the action because too many persons outside the vil-lage and township are using the dump. Violators will be prosecuted and signs will be posted to that effect.

Village Clerk Michael Burick was instructed by Council to in-form the Columbiana County Com-missioners and the State Highway Department of Council's wish to have the projected Lake-to-River

YW To Offer Facilities For Varied Activities

A large association room for in-door athletics will be one of the numerous facilities offered by the YWCA if the proposed plans for purchase of a permanent meeting site and erection of a new unit go through.

Workers are attempting now to raise \$75,000 to make the purchase proposal a reality.

The Blanche Lease property at 384 N. Lincoln Ave. has been chosen by the YW because of its central location in the city, the easy adaptation of the home's eight rooms to the facilities and class rooms needed, and because of the large 191-foot lot which provides room for construction of an addition.

The funds campaign will termi-nate Friday, June 14.

Workers are urged to attend the second pledges report meeting Friday night at 7:30 in First Meth-odist Church. A third report ses-sion has been set for Monday eve-ning at 7:30.

Blasts Soviet Proposal For Troop Removal

Nixon Says Action Would Leave Europe At Mercy Of Reds

ASHEVILLE, N. C. (AP)— Vice President Nixon said Wednesday night Russia's proposal for Allied and Soviet troop withdrawals in Europe would "leave the free countries of Europe at the mercy of the Communist world."

He said Russia boss Nikita S. Khrushchev was playing "the old shell game" when he made the proposal.

Noting that the United States has always been ready "to meet the Soviet Union halfway on any reasonable basis" in disarmament talks, the vice president said: "We owe a duty to our allies and to ourselves not to be sucked into the old shell game trade of one horse for one rabbit, which is what Mr. Khrushchev offered last Sunday when he suggested that we should withdraw our forces from Europe's 3,000 miles in re-turn for the Soviet moving theirs from the satellite countries 300 miles away."

At Mercy of Communists "All this would do is to leave the free countries of Europe at the mercy of the Communist world."

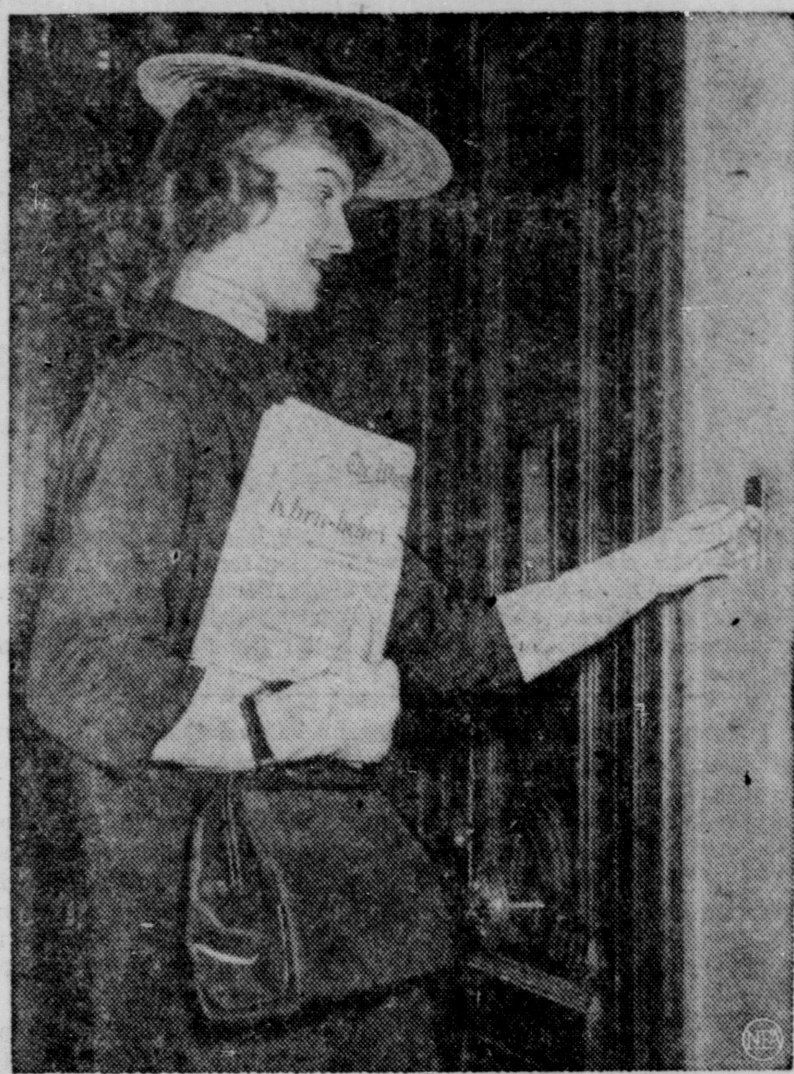

Nixon made what was appar-ently a White House-approved reply to Khrushchev before the conven-tion of the General Federation of Women's Clubs.

He drew applause when he ac-knowledged "there has been some waste and inefficiency" in our foreign aid program, but suggest-ed that "when we consider the tremendous stakes involved, the remedy for these difficulties and errors is to try to do a more ef-fective job and not to give up and let the Soviet Union start taking over the world."

The vice president and Mrs. Nixon received a standing ovation from the audience of more than 2,000. Nixon playfully helped move a piano off the stage and offered congratulations to former President Truman on the birth of his grandson before he launched into his discussion of "policies of our government that are designed to keep and secure peace."

Against Military Cuts He said that "while disarmament negotiations are taking place would be the worst possible time for Congress to make sub-stantial cuts in the President's military budget."

Such a move would "indicate not only weakening of America's de-termination to resist aggression, but also lack of confidence in the judgment of the President of the U. S. to the proper level of our military expenditures."

WHAT ABOUT KHRUSHCHEV'S PROMISE? — Donna Armonas, 22-year-old Cleveland, Ohio, college girl, rings the doorbell of the Soviet Embassy in Washington, D.C. Remembering Communist boss Nikita Khrushchev's television speech on improved U.S.-Russia relations, Donna wants approval for her mother to return to this country from Lithuania. World War II caught her there while on a visit to relatives. An embassy official told Donna, "It's all up to Moscow. I must check."

Two Trucks Crash, Burn In North Carolina

One Of Vehicles Carried 41 Migrant Farm Laborers

FAYETTEVILLE, N. C. (AP)— A flat bed truck loaded with migrant workers and a tractor-trailer slam-med together in a fiery crash at a road intersection today and killed 13 persons, the state high way patrol reported.

Between 25 and 30 were injured. The highway patrol said 21 per-sons were taken to hospitals of this area and 14 of them were in critical condition.

Fire that broke out in the truck caused most of the deaths, the patrol said.

'Like a Ball of Fire'

"It looked like a ball of fire," said Joe Lozak of Berwick, Pa., who saw the crash in the rear view mirror of his potato truck. "Men, women and children lying all over the highway. I think the impact killed them, not the fire."

The patrol said 41 laborers, from several states, were aboard the truck which pulled into the path of the tractor-trailer at the intersection of highway 301 and 102, nine miles north of Fayetteville, at 7:15 a.m.

"I didn't count them, but one of the boys said he counted 37 (victims) at one time, all laying down, some dead and some in-jured, some squirming around," said W. H. Covington, operator of a country store near the road crossing.

One laborer said the workers, after camping overnight near Mount Olive, N.C., were en-route to Dunn, N.C., to harvest beans.

Truck Driver Killed Gilbert Robert Peters, 25, of Watwallpen, Pa., the tractor-trailer driver was slightly hurt. The flat-bed truck driver was among those killed.

Covington, who said he went to the site after "a couple of fellows came to the store to call an am-bulance," added: "There was plenty of blood. Some of them (victims) were mangled all up. It was a terrible site."

The scene, about 50 miles south of Raleigh, was one of utmost confusion as the truck blazed, injured groaned and wailed, and am-bulances sirened in among patrol cars and ever-jamming traffic to pick up the victims.

In Chicago the National Safety Council said the number of deaths apparently set a new record for a truckbus collision. According to its record, the council said, the previous high was 10 killed in September 1950.

Pilot To Sail Yawl Home From Gibraltar

BITBURG, Germany (AP)—A U.S. Air Force jet pilot has decided to go home "Columbus way"—sailing a 30-foot yawl from Gibraltar via the Canary Islands to the Bahamas.

Huge Debt, Tight Money, Spending Form Big Fiscal Headache For U. S.

Top Financial Experts In World Wrestle With Problems

Editors' Note: Having trouble keeping enough money in the bank to pay bills? So's your Uncle Sam. How can this be the case in the richest country in the world? There are a variety of reasons and other governments also are having fiscal troubles. In the following, first of a series of two articles, Sam Dawson, Associated Press business news analyst, outlines this situation, which is causing some concern in high places.

NEW YORK (AP)—The richest nation in the world with a highly respected currency and with Triple A credit rating has trouble keeping enough money in the bank to meet its bills. When trying to raise new funds it has trouble unless it offers higher interest rates than it thinks it should.

This is what some of the more critical of Uncle Sam's monetary and budget policies call a fiscal mess. It is what the new secretary of the Treasury will be stepping into. Some of the smartest money managers in the world are wrestling with the problem.

How could it happen here? There are many villains in the complicated plot. Chief ones are:

1. Government spending rising more than first expected—and apparently beyond the power of an economy minded Congress to do much about it right away.

2. A huge federal debt, most of it inherited, and much of it coming due over and over again every year.

3. Tight money—at least in part Uncle Sam's own doing—which makes it ever costlier for him to borrow to pay off old debt or acquire new. Tight money is aimed at keeping a business boom from going speculative and ending in a bust, and is also one way the government hopes to temper the rise in the cost of living.

The new Treasury secretary will, also have to wrestle with tax receipts that are tied closely to the business cycle of good and bad years, since most of his revenues come from taxing corporate and individual incomes.

Uncle Sam's credit is tops. He can borrow all he needs. But in doing so he has to compete with a lot of others who want to borrow, too. And that demand—by corporations wanting to expand and by individuals wanting to drive new cars or buy new homes—has sent interest rates up sharply. The Treasury's problem—embarrassing rather than acute—is to get the cash it needs from time to time without drying up the money market and thus forcing some slowdown in business and

SHOOTING SMOKE RINGS—A long way from Broadway's famous cigarette sign board, a large smoke ring forms above a three-inch gun mount on board the USS Philip, a Pacific Fleet destroyer. This unusual photograph was taken during gunnery competition among ships of Destroyer Squadron 25 off Oahu in the Hawaiian Islands.

in building of homes and some buying on the cuff, and also making it harder for state and local governments to find the funds they want so badly just now.

And if business slowed down, corporate and presumably individual incomes would suffer. So would the Treasury's take from taxes.

Every week the Treasury goes to the money market for from 1½ to nearly 2 billion dollars on its 91-day bills. It now must pay 3.374 per cent yield on them. That's higher than the Federal Reserve charges banks that borrow from it. It's higher than most banks that borrow from it. It's higher than most banks pay on savings accounts.

The Treasury within the next 12 months must borrow more than 60 billion dollars to pay off about 40 per cent of the marketable federal debt coming due in that time. The Treasury would like to stretch out some of this debt by selling long term bonds. But the investing public, with a huge demand to choose from just now, is asking

Bigotry Is Sinning, Says Billy Graham

NEW YORK (AP)—A man who looks down on another human being because of his color, Billy Graham says, is sinning against God.

"The heart of all men is the same in God's sight, despite the shape of their physique or the color of the skin," he told a crowd of 18,000 at Madison Square Garden Wednesday night.

He said God spurns the "prejudice and bigotry that I fear many often have even in the churches today."

Taking his sermon text from John 4:1-29, in which Jesus defies the racial hostility between Jews and Samaritans by teaching a Samaritan woman at Jacob's well, Graham said:

"Jesus had no national animosities. . . . Jesus had no racial prejudice. . . . Jesus had no bigotry. . . . whether a person walked different or talked different or had a different color of skin."

At the end of Graham's sermon, 622 persons responded to his plea to "yield your life to Christ." So far, a total of 13,306 have taken this step.

As Graham's crusade entered its fourth week, attendance has totaled 392,500. The drive now is scheduled to run until July 21, with a possibility of the meeting being held in Yankee Stadium on the closing date, and at the Polo Grounds June 30.

call beyond speedy control)—and not the rising federal debt charges or the tight money market or the always uncertain amount of tax revenues—which some of the more conservative critics call a fiscal mess.

(Tomorrow: In his second article, Dawson will tell of the troubles others as well as Uncle Sam are having in keeping the national tills full.)

To See Nation's Atomic Might

Ike On Saratoga For Atlantic Maneuvers

WASHINGTON (AP) — President Eisenhower was scheduled to go aboard the new 350-million-dollar supercarrier Saratoga today for a look during Atlantic maneuvers at the Navy's atomic age air and sea power.

The President, accompanied by three Cabinet officers and other top administration officials, arranged an early departure by plane for Mayport Naval Base near Jacksonville, Fla.

Eisenhower will be aboard the 60,000-ton carrier until early Friday afternoon, when he will go ashore at the Mayport base and fly back to Washington.

The Saratoga is planning both daylight and after-dark spectacular demonstrations for the President 60 to 100 miles off the Florida east coast.

The schedule includes an exhibition of aircraft techniques used in the firing of atomic and conventional weapons, the launching of three types of guided missiles, and a demonstration of anti-submarine warfare tactics.

The training exercises arranged for today call for concentration on offense, to show the striking power of the supercarrier and its aircraft. Friday the emphasis will be on air defense.

This is the final stage of the Saratoga's "training up" for deployment soon to the Mediterranean, where she will join the U. S. 6th Fleet on patrol duty.

In the presidential party are Secretary of Defense Wilson; Secretary of State Dulles; Secretary of the Treasury Humphrey; Lewis Strauss, chairman of the Atomic Energy Commission; Secretary of the Navy Gates; Arthur Larson, chief of the U. S. Information Agency; Budget Director Percival Brundage; Gordon Gray, director of the Office of Defense Mobilization; Eisenhower's son John, an Army major assigned temporarily to the White House; and several White House staff members.

Joining up on the Saratoga were Adm. Arleigh Burke, chief of naval operations, and Rear Adm. Robert B. Pirie, commander of the Saratoga task group of warships.

Sad Story

By HAL BOYLE

NEW YORK (AP) — One of the more desperate ordeals of parenthood is listening to a child read who can't read.

Now and then a small local female member of my own tribe comes up to me, carrying a heavy volume upside down in her hands. "Read it to me," says Tracy Ann, who is almost 4.

This probably is a heart-warming picture to a man selling subscriptions to the book-of-the-century. It may even brighten the view of an anemic professor of literature with bright hopes that the culture of yesterday lies securely in the brave small hands of tomorrow.

But to me it creates another prospect.

The situation usually goes like this. I have a library that emphasizes the long human reach toward perfection. It catalogues man's endless search for a word that will give a better answer than the sword. A lot of people's libraries are probably like that.

But my daughter, who leeringly refers to herself as "Cuddle Bug" in the presence of strangers, isn't yet interested in what books say they say.

She's a story girl herself. Her idea of reading is that any book ought to say what pops into her mind.

She tugs out a valuable old political volume showing twelve different ways William Jennings Bryan could have beaten McKinley in 1900 if he had talked less about gold and used brass knucks.

"Read me this, daddy," she orders.

"Well (I say), once upon a time there was a baby robin that was ready to leave its nest but it was afraid to fly."

"Uh-huh."

"The mama robin told her baby, 'kid, you got all the free worms you are going to get from this nest, so now hop out and beat your wings and fly.'"

"Uh-huh."

"But the baby robin was afraid... and then, all of a sudden, a bumblebee came along and stung the baby robin in its back porch... and the baby robin fell off the nest... and fell... and then it began to beat its wings... and suddenly it was flying, just like its mommy told it that it could."

"No, that isn't what the book says. I'll read it to you."

"All right, then what does it say?"

"Well, once upon a time there was this little bunny rabbit going hippity hoppity to school... and it met a strange man who put it in a pot and cooked it and then a horse came along and ate it, and then a really, really great big bumblebee came along and stung it in the back porch. Isn't that a sad story, daddy?"

"Yes, indeed."

"Do you like sad stories, Daddy?"

"Not particularly."

"You don't? I do. Let me read this book over to you again. Once upon a time there was this little bunny rabbit who was going..."

"Daddy, wake up. Can you hold the book? My hands are tired. Well, it's a sad story. Once upon a time there was this little bunny rabbit and..."

Hippity hoppity...over and over the rabbit never gets any wiser, the bumblebee always delivers the punchline in the end. No matter how often daddy suggests hopefully that the bumblebee might sting the bad man instead and the bunny rabbit leap out of the cooking pot at the last minute and ride away safe on the horse.

"Daddy," she says indignantly, "can't you read this book? It's a sad story."

Youth, an elder must hope, will rise in time fresh from the un-

yielding platform of early despair...and enjoy a happy ending.

Gov. O'Neill Signs 27 More Measures

COLUMBUS, Ohio (AP)—Gov. C. William O'Neill Wednesday signed 27 more measures passed by the 102nd General Assembly.

The new enactments boosted to 102 the total signed by the governor. One measure authorizes municipalities and sewer districts to build or improve sewer and water systems.

The new law gives local governments the power to levy assessments to pay for preliminary planning and engineering.

Another measure signed into law is designed to encourage employment by industry of physically handicapped persons. The bill adds eight physical disabilities to the list of those under which handicapped persons are entitled to workmen's compensation if they are injured on the job.

Other measures authorize the conveyance of state land. One permits the governor to convey the National Guard Armory in Lancaster to James E. Kidd under an agreement for construction of a new armory for the state. The new armory would be exchanged for the present site in Lancaster.

Other authorizations would convey one-third of an acre of canal land in Hocking County to Charles J. Wright of Logan and one-fifth acre in Canton to Mats, Inc.

In 1832, an Englishman named James Sharp manufactured the first gas range, but it was not until 1860 that gas was utilized to any great extent for cooking.

County Fair Plans Advanced At Meeting

LISBON—The Columbiana County Fair Board met Tuesday evening at the fair grounds and granted permission to the Lisbon Ruritan Club to hold a community auction on June 22 in the coliseum.

The board also added another class to the tractor pulling contest and increased the premiums of each class \$15. There will be two classes of tractor pulling on Wednesday morning and two in the afternoon of Aug. 21.

Wives of the fair board members reclassified the 10th department, culinary-textile-arts, taking some classes out and adding new ones. Some of the classes in the book have had no entries for a number of years.

The fair book should go to press within about 10 days, according to Galen Greenstein, president of the board, and should be available for distribution by July 15.

This year's fair will be held Tuesday through Saturday, Aug. 20-24.

Polio Danger Over

Dr. C. S. Palmer, Columbiana County health commissioner, and his staff deserve commendation for the program they pursued during the past year in having all county school children immunized against polio.

A total of 9,171 cc's of the Salk polio vaccine was given to the boys and girls of the county schools during the 29 different clinics that were held. As near as can be ascertained all children in these schools received at least two inoculations against the crippling disease. Third and final shots may be given after school resumes next fall if more serum is obtainable.

Locally, the city health department provided Salk vaccine for any child who had not had the opportunity to receive the shots.

Medical science and the diligence of medical authorities has made it possible for the general public to breathe a prayer of thanksgiving as the normal summer polio season approaches.

Dr. John L. Lewis

The doctor of laws degree which the University of West Virginia bestowed on John L. Lewis should be an inspiration to every young American who must make his mark in this world the hard way.

The recipient has known times when no honor was forthcoming, such as during hard-bargaining strikes called at the outset of his country's participation in World War I and World War II.

There have been times when people who now speak of him as the greatest labor statesman this generation itched to throw him into jail, bankruptcy and oblivion simultaneously, if possible.

Once was when he split with AFL to form the CIO, making free use of the organizing genius of pinkie subversionists to get his rival union started.

Once was when he made President Truman se angry the White House proposed a plan to throw all striking coal miners into the U.S. Army and their obstreperous leader into the pokey.

Once was when he tangled with Franklin D. Roosevelt over the third-term issue. Once was when he tangled with the National Labor Relations Board over anti-Communist affidavits. There were so many times when John Lewis as low man on the popularity totem pole there is no way to keep score. But he raised coal miners from a subsistence level in the U.S. economy to the highest-paid of all occupational groups.

He did not rely on popularity. He relied on the legislative mandate which became famous in National Recovery Act days as Sec. 7-A. It guaranteed the right to bargain collectively and made union leaders the agents of a sociological and economic trend which was to carry the United States beyond class warfare into the people's capitalism.

Dr. Lewis made it all the way. The University of West Virginia could not have chosen a more striking symbol of his generation.

June Improvements

We have been studying the usual rhapsodies about June; they fall short.

All of them describe in variations of deathless prose how delightful June is, but they fail to give men credit for their role in June's rating as the favorite of months.

Men helped make June what it is today. They built and cared for the green laws and the thick hedges. They evolved the roses and the begonias. Landscapers contrived many of the best vistas, and architects cleverly designed structures that would fit into the vistas harmoniously.

Men waged the chemical warfare that killed off some of the bugs and blights that once made June hideous with insidious things that crawled and crept. They invented the power lawnmower, one-shot fertilizers and the concept that the earth deserves stewardship not despoliation.

Without these, June would be delightful. With them, it is incredible—an improvement on the otherwise unimprovable.

One Of Our Own

The name of Don Bowden had not been famous before last Saturday and may not stay famous long. But the first less-than-four-minute miler in the United States will stay in record books after the names of thousands of better-known Americans have been forgotten.

Although Bowden's 3:58.7 time is not a world's record and his was the 18th mile run in less than four minutes, no American runner ever had done it before—and who is to say this is not a distinction as great as any of the other distinctions men may aspire to gain in this world?

There will come a time, of course, when track conditions, training and the knowledge of how to do it will become so well understood that miles run in less than four minutes will be as commonplace as 100-yard dashes run in less than 10 seconds. But it will be a few years before this happens every Saturday afternoon. In the meantime, memorize the name of Don Bowden, now one of the timeless famous Americans.

Wise Decision

Advantage of Jury Trial Seen In Contempt Cases

It was a wise move on the part of the Senate Judiciary Committee this week to recommend that jury trials be provided by law in contempt cases arising out of the enforcement of "civil rights."

It will do more to help the cause of public understanding on the integration-segregation issue and similar questions than anything the Congress or the courts have done thus far.

This is because the action by the Senate committee comes at a time when emotion has been substituted for reason in many parts of both the North and the South in dealing with matters of law and constitutional rights.

A dramatic example was the case last week in Montgomery, when a white jury acquitted two white men who were defendants in a case involving the dynamiting of a Negro church.

No one was injured, but property was damaged. It was apparent from the way the case was summed up by the prosecuting attorney and defense counsel that the issues were presented in the background of current antagonisms.

Although the defendants had signed a confession, the claim was made later that it had been irregularly processed—that it wasn't made at police headquarters but in a hotel room under circumstances which led to the expression of many doubts.

THIS CORRESPONDENT spent the weekend in Alabama and talked to many people about the integration question. Notwithstanding the individual beliefs of citizens generally, it is fair to say that many people who are on the anti-integration side were shocked by the verdict of the jury at Montgomery. Yet in some respects the verdict wasn't surprising. As one man in the South put it, "Why should not twelve men in Alabama express their feelings in a verdict, when nine sociologists on the Supreme Court do the same thing?"

Reference was made specifically to some of the recent cases of rape committed by Negroes against white women — cases in which concessions were duly recorded and guilt plainly established, only to have the Supreme Court of the United States reverse such verdicts on technicalities and allow the defendants to go free.

Emotionalism has brought a state of tension that is not going to be cured by any provision of law denying jury trials merely because the privilege has been or might be abused.

WHILE CONTEMPT committed inside a courtroom has always been punishable by a judge without a jury trial, and attempts to violate directly the terms of an injunction are ordinarily within the power of a judge alone to punish, the real issue is whether the judge's injunction can be stretched to cover crimes committed outside the courtroom itself that normally are tried by juries.

It is better, therefore, for Congress to err on the side of caution and to put faith and trust in the people in all sections of the country, rather than to assume in advance that they cannot be trusted in the jury box.

To apply such faith is to follow the path of reason as against emotionalism.

For the racial questions are far from settled and those persons who think that, by the order of any court, the people of the South or of any other section will approve an edict which they honestly believe is not constitutional just do not understand the workings of human nature.

THE CRUSADE, for instance, against the Eighteenth amendment on prohibition — the willful disregard of the provisions of the law by millions of people—showed clearly that a reform which isn't sold to the people in advance by thorough understanding isn't accepted just because it is solemnly proclaimed as "the law of the land."

It's a condition rather than a theory which confronts the nation in dealing with the racial question which now has begun to present problems in all parts of the country, and not just in the South. Violence will not solve it, nor will coercion by broad injunctive orders of the courts. An adjusted society has to come voluntarily out of the processes.

The amendment to the law which would grant jury trials in contempt cases involving alleged crimes is bound to assist the cause of reason.

IT PUTS the responsibility squarely upon the people to see to it that jury trials are fairly conducted and fairly resolved.

There are, of course, extremists on both sides. Their number will diminish, however, only as a sense of fairness develops through the application of reason instead of violence.

That's why the grant of a jury trial in criminal contempt cases would be a progressive step toward a better understanding of the responsibilities of citizenship.

But if Congress, on the other hand, does deny jury trials, far more ground will be lost than gained in the motionally complicated, if not presently unsolvable, problem of sociology and government.

Cats Get Last Word

By JOHN F. SEMBOWER

CHICAGO — These cats, daddy-o, are way out on verbiage, and you'll only bug the tads playing it cool, very cool, say the glottochronologists.

In somewhat different language, this is the word from representatives of the Chicago Natural History Museum.

Their pronouncement is that the slang-users of today are shaping the language of tomorrow, and that it is unrealistic to resist.

As for glottochronology, this is a new scientific tool which puts language to use on such problems as determining how long Indian tribes have been in the southwestern U.S.

Dr. Paul S. Martin, the museum's chief curator of anthropology, compares the science with using geological means to determine the age of rock or the counting of tree-rings to find out how old the tree is.

And before you consider this all outlandish, it might be well to hear Dr. Martin on language "drift," which is what the whole thing is about.

The drift includes the tendency to change certain letters in words: Thus, "P" becoming "F" pushed "Pater" into "father."

Similarly, "duo" has gone out except for Broadway columnists, and the substitution of "T" for "D" made it "two."

The drift is involved in most Indo-European languages, including English and the Germanic languages stemming from Celtic, Greek, Armenian, Slavic and Baltic tongues, and it encompasses changed case endings and word orders.

Except for "fossilized language, such as church Latin," Dr. Martin explains, "languages are always changing. Each generation assails the current 'hop talk' but is powerless to halt slang's drift into the common tongue."

By figuring out a standardized rate of change, anthropologists believe they have a new tool for nailing antiquity down to dates. Experiments indicate that about 15 per cent of a language "drifts" every 1,000 years.

Dr. Morris Swadesh, originator of "glottochronology" or "lexicostatistic dating" established the scale in detailed comparisons of today's English and the language of Chaucer's time that causes trouble to so many high school

and college students in attempting "The Canterbury Tales." Similarity between the language of Navajo Indians in the U.S. southwest and the Athapaskan language still spoken in northwest Canada has spurred current studies.

Some scientists believe that members of the Canadian tribes trekked south to settle in what is now Arizona and New Mexico.

The date of this exodus is a mystery. Scientists first put it at 1,500 A.D., but recent glottochronology sets it as 950 A.D.

The present task is to establish the date firmly, and then deal with such problems as the date of separation between Yukon and Greenland Eskimos.

Oh, yes — "glottochronology." The word comes from "glotto," meaning throat and "chronos," meaning time. Both, of course, are from the Greek.

Double Steal?

New Ruling On 5th Amendment?

By JAMES MARLOW

WASHINGTON (U)—It will mean a rousing — maybe an historic — court fight if angry senators make good their threat to test whether anyone has the right to use the Fifth Amendment as Dave Beck Jr. used it Tuesday.

The Constitution's Fifth Amendment says a man can't be compelled to give evidence which might incriminate him. That was Beck's excuse for refusing 130 times to answer questions by the Senate Rackets Committee.

But the way a witness — before a congressional committee or a federal grand jury — invokes the amendment to duck questions can be pretty tricky business. The Supreme Court has given various rulings, for and against people who used this amendment, depending on how they did it.

Young Beck even went to the extent of using the amendment to avoid saying he knew his own father, Dave Beck Sr., president of the Teamsters Union, who earlier had made a similar across-the-board use of the Fifth Amendment.

And young Beck's cousin Joseph McEvoy, questioned Tuesday did the same as the Becks. Incensed senators accused the cousins of misusing the amendment.

Committee Chairman McClellan (D-Ark) was so sore he said: "I think we've got to find out — and I know of no way to find out except to place it before a court — who is right in this procedure. If . . . the courts sustain your position, then America is in great danger."

He ordered his staff to start the machinery for a test. This would require first a congressional citation of the younger Beck for contempt. Then if indicted he'd face a court trial. If convicted he would, no doubt, go up to the Supreme Court for a ruling.

A man can't use the Fifth Amendment to avoid answering questions which might incriminate someone else. He can use it only for his own protection. That's already settled. But this is where the trouble begins.

He can't, just as it suits him, answer some questions but not others. When employing the amendment against a specific

question, he must have reason to believe an answer to that specific question might lead to his undoing.

On the other hand if he answers one incriminating question, he can't then start ducking behind the amendment to avoid answering others. The Supreme Court has already ruled on that in the case of a Colorado woman.

A federal grand jury there was investigating the Communist party. She admitted she was the party treasurer and kept its records. She answered that much freely. Then she was asked to whom she had turned over the books.

She took the Fifth Amendment. She was given four months in jail for contempt. The Supreme Court upheld her conviction, ruling her first answers were incriminating. Once she started answering incriminating questions, the court said, she couldn't then start using the amendment to avoid answering others.

That was in 1951. Justice Black, dissenting from the majority opinion, said this decision created a dilemma for witnesses in the future. Why? For this reason:

They might find themselves held

in contempt if they invoked the amendment too soon — that is, against questions later considered non-incriminating by a court—or might lose the amendment's protection if they answered a single question.

Thus a terrific burden is placed on a witness trying to thread his way between questions he thinks might incriminate him and questions which a court might later say were innocent enough for him to answer.

At the same time a congressional committee or a grand jury may ask only questions which are pertinent to its inquiry.

In the case of the two Becks and McEvoy — a highly tangled affair that involved income taxes, use or misuse of union funds, perhaps conspiracies — their lawyers seemed to think the only safe course was to plead the Fifth Amendment against almost every single question.

But was it the safe way? The Fifth Amendment was intended to be used thoughtfully and only when necessary. If young Beck and McEvoy are cited and convicted, the court will have to give what will probably be a brand new ruling.

Britain Pampers Motorists

By GERALD CLARK

LONDON

Despite a tangled net of roadways that carries the greatest traffic density on earth, the British motorist is the world's most pampered.

Though it may come as a surprise to Americans, the five million cars in the United Kingdom add up to more vehicles per road mile than any other country, including the U.S.

Now that gas rationing has ended rattletaps and Rolls Royces pour endlessly in and out of London, bumper to bumper.

In these conditions even the traditionally unruffled calm of the English gentleman might be expected to crack—but it doesn't.

In this country the motorist simply must act the gentleman. You give the other man the right of way, you smile politely when the lady ahead signals for a right turn and swings left, you muddle through, with scarcely an impatient toot of the horn to mar the cry of "after you, sir!"

As a reward, you remember that insurance, covering everyone and everything, costs only \$60 a year. The rates are relatively low because the accident rate is low, a result, perhaps of the British motorist's almost saintly forbearance.

It is all very serene and comfortable and the motorist is coddled along every mile of roadway.

If you get a flat tire you know you won't have to lift a finger. Before long a man on a black and yellow motorcycle will be alongside with tools ready and a paternal expression in his eyes.

This Samaritan on wheels is a patrolman of the Automobile Association, an organization that believes the Englishman's car is his castle. Patrolmen constantly cruise every road, looking for good deeds to do.

Lisieux? The A.A. will recover them for you.

But basically the A.A. breeds safe and good road manners. Its 2,000 patrolmen act as mechanics, nursemaids and teachers. Back in 1906 the first A.A. men were really vigilantes, recruited to warn unsuspecting motorists of the police traps ahead. Today they automatically salute of all cars bearing A.A. plates. If they don't salute, it means there's a speedcop lurking behind a hedge.

And if you get a ticket, even, you are treated with the utmost gentility.

You've parked in a no-parking zone. What happens? A neat little white notice is affixed to your windshield wiper and it says:

"The police desire to interview you with regard to the parking of this vehicle. It would be appreciated if you would call at or communicate with the Kensington station at your earliest convenience."

You drop around to Kensington and there is police constable No. 692 in a neatly pressed blue uniform who begins—"Now, sir, it has been brought to our attention that you were parked at . . ."

He doesn't exactly chide, nor does he wag a schoolteacher's finger. But he does make you feel that you haven't exactly been playing the game.

"I am reluctant to remind you sir," he goes on, "that the next time we may be forced to take action."

So what if gasoline does cost 70 cents a gallon? Britain's motorists have their compensations.

Thought For Today

Who shall declare his way to his face? and who shall repay him what he hath done? — Job 21:31.

Fools measure actions after they are done by the event; wise men beforehand, by the rules of reason and right. The former look to the end to judge of the act. Let me look to the act, and leave the end to God. — Bishop Hale.

Blame mommer and blame popper

It's rated very proper
To blame 'em all the time.
A school room left a shambles,
A hero's statue wrecked;
It's all the parents' doings—
Full blame they can expect.
A kid dead in a shooting—

Some juvenile store-looting—

An auto theft quite major,
A crash through the tollgate trap—
The verdict you can wager:
Home life must take the rap!
A hot rod and a killing—
Defiance of the law—
Some bullets and a drilling—
(It's all because of maw!))
A street fight tough and gory
By kid gangs bearing dirks—
(It's just the same old story. . .
Give mom and pop the works!))
A stick up by some kiddie—
His fourth offense quite bad—
Did he not err, or did he?
(Of course not!) it was DAD!))
A youngster (only forty)

A SPECIAL UNIT of the U.S. Federal Trade Commission empowered by the Senate to investigate the high prices charged in drugstores for many medicines, particularly those containing antibiotics, has postponed its report until autumn. . . (It probably was so stunned by the cost of getting a prescription filled that it had to stop at the soda-water counter to get cooled off.)

The Senate authorized an expenditure of \$100,000 for the inquiry. . . But would that pay for more than two or three small bottles of modern wonder drugs?

The commission group finds that more than 1,200,000 prescriptions are filled each day in the drugstores of the country, that one in every four has antibiotics and that the cost of one prescription runs from \$4 to \$10 at the pharmacy.

MAIN TARGET of the probers is the drug manufacturing corporations, which insist they are not charging more than necessary, but which nevertheless do a lot of stock splitting, as a result of profits.

Girard Selects Chief Attorney

Chooses Japanese War Trials Veteran

MAEBASHI, Japan (AP) — GI William Girard has picked a Japanese veteran of World War II war crimes trials to head his defense against charges of causing the death of a Japanese woman on a military firing range.

The Army announced today the Ottawa, Ill., soldier had selected Itsuro Hayashi as his chief attorney from a list of more than 50 American and Japanese lawyers compiled by the U. S. Embassy. Girard is scheduled to be tried by a Japanese court. No date has been set.

Hayashi, defense counsel before the International Military Tribunal for the Far East from 1946-49, said he planned to meet Girard for the first time Friday. He told reporters he could make no announcement of defense plans yet.

"Everything about the entire case will depend upon my discussions with Girard tomorrow," he said.

The Army announcement said Girard also had asked Maj. Stanley F. Levin, 49, Hollywood, Calif. to serve as his personal legal adviser. Levin is a member of the judge advocate's office of the 1st Cavalry Division.

In Ottawa, Louis Girard, brother of the accused soldier, said he had hired Earl J. Carroll, a former Air Force major who has been prominently identified with the defense of GIs overseas, to serve as defense counsel.

Carroll said in New York he would file a writ of habeas corpus in U. S. District Court in Washington today, charging the U. S. government violated Girard's constitutional rights by authorizing his trial in a Japanese court. Carroll said he would ask the court to order the Army to deliver the soldier to Washington for a hearing.

Carroll said he also plans to seek an injunction restraining the Army from turning Girard over to Japanese authorities for trial.

"National interest is at stake in the outcome of this case," Carroll declared. "How can you drag a man away from his home and business, take him over to Japan and turn him over to the jurisdiction of that country's court for trial without violating his constitutional guarantees?"

Girard, an Army specialist third class, has been indicted on charges of "inflicting bodily injury causing death" of the Japanese woman, a charge similar to a manslaughter indictment in the United States. He is accused of firing an empty cartridge case from a grenade launcher and killing Mrs. Naka Sakai, 46, while she picked up scrap metal on a firing range.

The case developed into an international issue when Japanese authorities contended the soldier was not on duty when the fatality occurred and claimed Japan had the right to try him under the status-of-peace agreement with the United States.

The Army, State and Defense Departments argued Girard was on duty at the time but, after a Washington review of the case, announced Tuesday it had been agreed to turn him over to the Japanese for trial. In effect they upheld the Japanese contention that, while Girard was authorized to protect military property at the time, he was not authorized to shoot.

U.S. Population At 171 Million Today

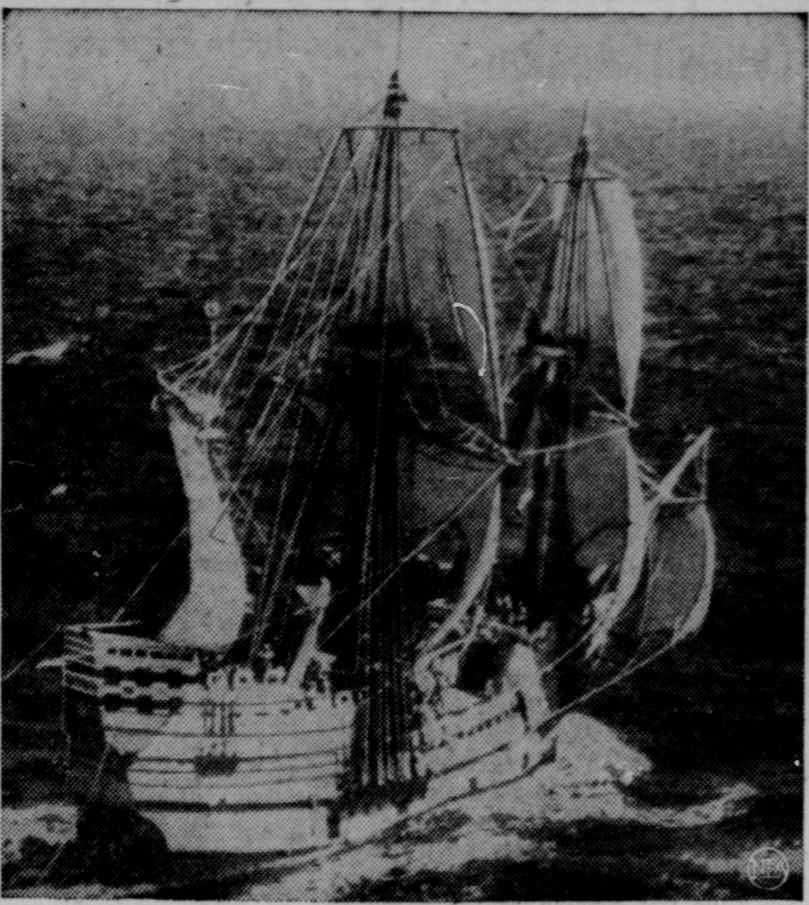

WASHINGTON (AP) — The Census Bureau estimated that the population of the United States, including the armed forces overseas, will reach 171 million today.

The bureau said the population is growing by about 8,000 persons per day or three million every year. The last national census, in April 1950, counted 151,132,000 persons.

NEARING JOURNEY'S END—The Mayflower II, replica of the 1620 Pilgrim ship, is photographed from a Coast Guard plane 500 miles south of Bermuda. The ship left England April 20 on her voyage to Plymouth, Mass. Capt. Alan Villiers reported "all's well" and that the vessel is expected to pass Bermuda soon on the last leg of the long voyage.

WELCOMER—Priscilla Alden Kiefer, 22, of Montclair, N.J., will be the official hostess at reception ceremonies planned for the arrival of the Mayflower II, expected to reach the U.S. from England this month. Priscilla, the 11th descendant of the Priscilla Alden of historical fame, is holding a model of the ship.

Variety Key Word In Meat Specials

By The Associated Press

Variety is the key word in meat specials advertised by many grocery stores this week.

Generally higher prices for beef and pork — from 4 to 6 cents for the former and as much as 11 cents for the latter — have cut down the number of stores featuring these old standbys. In their places, will be cuts of veal, lamb and ham, plus several varieties of poultry.

Veal and lamb prices are reported just about unchanged this week.

Chicken might account for a bigger share of the market, except that prices for fryers are up in some areas by four to eight cents a pound. Broilers, fryers, roasting chickens and stewing chickens all will be featured.

Romaine and Boston varieties of lettuce are included in the outstanding buy category among vegetables this week, while iceberg lettuce from Eastern patches and new cabbage from Virginia and New Jersey fields are rated as good buys.

Also on the outstanding list are Maine storage potatoes and new yellow and green squash.

Other good buys are bunched beets where they're available from nearby fields, green beets, new white potatoes, Jersey asparagus, western topped carrots and Florida sweet corn.

A bumper crop of rhubarb is keeping it on the outstanding buy among the fruits.

Women's Club Federation Names Mrs. Roth President

The annual election of officers for 1957-58 was held Monday evening at the monthly meeting of the Salem Federation of Women's Clubs at the Ruth Smucker House.

The newly elected officers are: President, Mrs. Martin Lee Roth of Xi Gamma Sorority; first vice president, Mrs. Vernon Broomall of Leornians; second vice president, Mrs. Clyde McFeely of Garden Study Club; secretary, Mrs. Wallace Luce of Newcomers Club; treasurer, Miss Eleanor McMurray of Quota Club; and assistant secretary - treasurer, Mrs. Joel H. Sharp of the Travelers Club.

Mrs. Sharp presided and expressed pleasure in the success of this year's antique show. Additional recognition and appreciation was given to special chairmen for their time and effort spent in the success of the third antique show.

Mrs. Sharp noted that more than half of the members of the

federation devoted talent to the project. Visitors from 75 communities attended.

Owners of dishes and cooking utensils left at the Memorial Building during the show, are urged to claim them at the Smucker House promptly.

Delegates voted unanimously to hold a fourth annual antique show next May. This vote was cast following a special report given by the secretary, Mrs. Lee Pelley, who stated the results of a poll of federation members which indicated that a majority of members wished to continue the project next year.

Mrs. George Bunn and Mrs. Abe Hansell of the house committee listed suggestions of improvements for the Smucker House. Approval of the projects will be voted at the final delegate's meeting July 1. New delegates and new presidents and past presidents and present delegates will be entertained after a short business meeting.

Visiting presidents were Mrs. Bud Boals, Democratic Women's Association; Mrs. Orein Naragon, Garden Study Club; Mrs. Roy Meyer, Music Study Club; Mrs. August Ibele, Quota; Mrs. John England, Republican Women's Club; Mrs. Harold Musser, Travelers; Mrs. James Gorman of the Newcomers Club.

Flower arrangements decorating the rooms were made by Mrs. McFeely and Mrs. Naragon of the Garden Study Club and Mrs. Edna Hanson.

Hostesses for the social hour were Miss McMurray, Miss Elsie Thomas and Mrs. Ibele of the Quota Club and Mrs. William King and Mrs. England of the Republican Women's Club.

Couple Home Following Honeymoon

Edward A. Saltsman Jr. and his bride, the former Miss Carrie Elizabeth McFeely, have returned from their southern honeymoon trip following their marriage May 18.

Rev. A. Laten Carter performed the double ring ceremony in the First Presbyterian Church.

The bride is the daughter of Mr. and Mrs. George E. McFeely of 731 E. 6th St. The bridegroom's parents are Mr. and Mrs. Edward A. Saltsman Sr. of 1770 N. Ellsworth Ave.

Given in marriage by her parents, the bride wore a floor-length gown of lace and tulle over satin. The fitted bodice featured a V-neckline embellished with iridescent sequins and long sleeves. The full skirt was highlighted with lace panel inserts.

A cap of lace and tulle held her fingertip veil of illusion. She carried a white Bible topped with a white orchid and snapdragons.

Mrs. C. E. Bowman Jr. of Salem was matron of honor, and Miss Barbara Whitacre of Salem was bridesmaid.

Richard Saltsman of Salem served his brother as best man. Ushers were Robert Saltsman of Buffalo, N.Y., brother of the bridegroom and Kenneth Martin of Diehl Lake.

One hundred and fifty guests attended the reception in Westminster Fellowship Hall.

Mrs. Saltsman is a 1955 graduate of Salem High School and is employed by Dr. E. P. Schaeffer. A 1950 graduate of Canfield High School, Mr. Saltsman is employed by the city water department.

The couple are residing at 1844 N. Ellsworth Ave.

Miss Sara Earley Becomes Bride Of Roger J. Bradshaw

Garden flowers provided the church decorations for the Sunday afternoon wedding of Miss Sara Evelyn Earley and Roger J. Bradshaw which was held in the First Presbyterian Church of Bellaire.

Rev. Rolland Showalter officiated at the double ring wedding which united in marriage the daughter of Mr. and Mrs. Homer J. Earley of Beloit, and the son of Mr. and Mrs. Fred Bradshaw of RD 4, Alliance.

The bride was wearing a powder blue suit with pink and white accessories. Her co-sage was of pink carnations.

Miss Carol Phillips of Damascus acted as the maid of honor, wearing a pink sheath dress with white accessories and a white carnation corsage.

Best man for the bridegroom was Terry Fedor of Alliance.

For her daughter's wedding, Mrs. Earley chose a navy blue suit dress with white accessories; while Mrs. Bradshaw was attired in a pink and gray glazed cotton dress with pink accessories.

Members of the immediate families and the wedding party were entertained at a luncheon in the Showalter home following the ceremony. An evening dinner was enjoyed at the home of the bride's parents.

When the couple left for a honeymoon trip, the bride was wearing a beige and white ensemble. A reception for friends and relatives of the newly-married couple will be held Sunday, June 23 at the Earley home.

Mrs. Bradshaw is a graduate of Goshen Union High School; while her husband, a Sebring McKinley High School graduate, is associated in business with his father in the Fred Bradshaw Printing Co. in Alliance.

Upon their return from the wedding trip the couple will reside at RD 4, Alliance.

150 Ohio Bills Await Signing

Lawmakers Return To Statehouse Today

COLUMBUS, Ohio (AP)—Conference committee action and "skel-ton" bill-signing sessions in the House and Senate brought legislators back to the Statehouse today.

Only about a score were expected.

Stacked for signing were about 150 measures passed in the rush to end working sessions of the 102nd General Assembly early on Memorial Day.

Signatures of Speaker Roger Cloud (R-Logan) in the House and Lt. Gov. Paul M. Herbert in the Senate will send the bills to Gov. C. William O'Neill. He has 10 days to sign, let them become law without his signature or veto them.

Legislators will return June 18 to consider vetoes, act on conference committee reports and take final adjournment.

O'Neill applied his first veto Wednesday to a bill seeking to increase from 8 to 10 feet the maximum width of house trailers that can be transported over Ohio highways.

The governor said the change would conflict with the Federal Highway Act of 1956 under which the state receives substantial road funds.

His veto came one minute before the deadline for the bill to become law without his signature.

The governor already has signed 102 of the 330 bills passed this session. Four other measures were locked in conference committees because of disagreements between the two houses.

The bills in dispute allocate 412 million dollars in state subsidies, including 365 million for schools; another 142 million for capital improvements; create a penalty point system for traffic violators and extend the season for horse racing.

The six-member Senate-House committee named to seek accord on the big subsidy bill called a meeting in advance of the "skel-ton" legislative session. Reports said the other committees would not meet now.

At issue in the subsidy bill were deadlocks over a new formula for school bus purchases, tuition for pupils attending high schools in other districts and failure to provide for payment of notes issued by districts in past years to make bus purchases.

3 Pupils In Family Have Perfect Attendance

LISBON — Edward, Mary Catherine and Robert Copeland, children of Mr. and Mrs. Clifford Copeland of Lisbon Rd. 1, had perfect attendance records for this school term.

Edward attends Lisbon High School, and Mary Catherine and Robert attend Wayne Local School.

ACQUITTED OF ARSON

YOUNGSTOWN, Ohio (AP)—A jury acquitted Paul G. Sharp of Normal, Ill., Wednesday night on a charge of setting fire to a barn near Alliance two years ago. Bowling equipment which he had stored in the barn was insured for \$15,000, testimony revealed. The equipment was about to be sold at the time of the fire, Sharp testified. The trial had been delayed because he was out of the country on business.

GAS ENDANGERS AREA

COLUMBUS, Ohio (AP)—Escaping gas from an Ohio Fuel Gas Co. line endangered a four-block area for more than two hours here before it was brought under control Wednesday night. Company crews halted the leak by closing valves.

'Down On The Farm'

News of Meetings, Helpful Hints For Farmers

Corn and Soybean Planting

With a week generally favorable for field work, Ohio farmers planted about a million acres of corn and 300 thousand acres of soybeans, the Department of Agriculture reports.

Planting of corn is now 70 per cent completed, a little ahead of last year, while in 1955 nearly all corn had been planted by this date. Soybean acreage is 38 per cent planted, a little behind last year's rate. In 1955, 80 per cent

of the soybeans were planted by this date.

Development of the wheat crop continues to be earlier than last year but later than in 1955 — 50 per cent headed as compared with about 90 per cent in 1956 and nearly 90 per cent in 1955.

Planting of cannerly tomatoes in northwestern Ohio moved ahead rapidly. Earlier sugar beets are being blocked and thinned.

In many areas of the southwestern part of the State fields were too wet to work until the middle of the week. Elsewhere weather and soil conditions were favorable for field work on most days and farmers pushed seedbed preparation and planting operations which had been virtually at a standstill over much of the State for two weeks.

Corn planting is generally farther along in the eastern part of the State than in the central and western areas. In some areas excessive rainfall and cool temperatures have resulted in poor stands of corn planted in early May and some replanting has been necessary.

Oats, hay and pasture crops made generally good to excellent progress except in some areas which had excessive rainfall during the preceding week.

Harvest of grass silage has started in most areas. First cuttings of alfalfa hay are 10 to 20 per cent completed in some southern counties. Hay harvest generally is being delayed by the need to get corn and soybeans planted.

Spittle bug damage is reported in many counties.

Cows Are Accredited

Two registered Jersey cows owned by Willis J. Zimmerman, RD 3, Salem, have been rated "tested dams" by the American Jersey Cattle Club.

'Queen of Furrow' Contest

The soil conservation office and its district board of supervisors are working in cooperation with other conservation districts of Ohio in sponsoring the "Queen of the Furrow" contest.

Application blanks are available at conservation office at 32 N. Park Ave., Lisbon, and the contest rules include: Open to all single girls, between the ages of 16 and 21 inclusive; contestants must live in rural Ohio; applicants must register on official entry cards; contestants will be notified of time and place of local contest and decisions of judges will be final.

The queen will reign at the World's Conservation Exposition and Plowing Contest at Peebles, Ohio, Sept. 17-20. The statewide final contest to determine the 1957 "Queen of the Furrow" will be judged at the "Queen's dinner dance" on the weekend of Sept. 6. Kay Butler of Oskaloosa, Iowa, was the 1956 winner.

Franklin Square

Rev. E. L. Trotter of East Rochester called on friends here on Monday.

Mr. and Mrs. Elmer Kliner of Leetonia, Mr. and Mrs. Galen Zimmerman, Mrs. Lea Stoffer and Mrs. Frank Greenawalt attended the graduation of John Buchanan, minister of the local church on Sunday afternoon at Mount Union College.

Mr. and Mrs. E. M. McGowan and daughters, Grace Jane of Leavittsburg, were Sunday evening supper guests of their parents, Mr. and Mrs. William Hall.

The Happy Boys 4-H Club met recently at the home of their advisor, Randall Calvin to elect officers.

They are: President, Melvin Wilms; vice president, Raymond Hall; treasurer, Vernon Marshall; secretary, Larry Wilms; recreation, John Wilms; reporter, Kenneth Garlough.

The meetings will be held every Tuesday at 7:30 p.m.

The Cheery Sisters 4-H Club of Franklin Square met in the home of Mrs. Lawrence Wilms recently and played puzzle games.

SEARCHING FOR GOLD—James C. Ashley, wearing a beaver 49er hat his father wore in California's Gold Rush of 1849, sets to work searching for traces of gold in rocks from 15,000-ton ledge dynamited by construction workers building a new highway through the Rocky Woods Indian Grounds section near Freetown, Mass. A report from Harvard University's geology department that it knows of no gold in area cut rush down to Ashley.

Cub Pack 23

A picnic supper was held at the church Monday evening by Pack 23 of First Baptist Church.

Prizes in father-children events were awarded to Fred Schramm, Harold Schramm, Bobby Pasco, Gilbert Everhart, and Dennis and Diane Everhart.

Cubmaster Emmor Ackelson displayed the pack charter and presented registration cards and pins to Assistant Cubmaster William Crowe, and Den Mothers Joan Meyer, Doris Hackett, Miriam Hoobler, Anna Ruth Everhart and Kay Starkey.

Den 4 displayed posters and achievement projects of Den 4 scouts, directed by Mrs. Crowe; and games were in charge of dens 3 and 4 with coffee served by Den 5. Mothers of Dens 3 and 4 are Mrs. Everhart and Mrs. Tom Starkey.

In a ceremony for presentation of awards, led by Den 4, characters were: Akela, Charles Cosma; drummer, David Cosma; keeper of the lights, David Crowe; chief archer, John Watson; and medicine man, Mike Starkey.

Awards presented included: John Watson and Larry Morrison, bobcat pins; Dave Cosma, wolf badge and silver arrow; Dave Crowe, wolf badge, gold and silver arrow; Paul Meyer, gold and silver arrow; Mark Reeder, assistant denner bar; Hans Swenningson, wolf badge and gold arrow.

Terry Thomas, wolf badge, gold and three silver arrows; Charles Cosma, bear badge, gold arrow and denner bar; Rusty Hackett, silver arrow; Harold Schramm, silver arrow; Larry Scullion, lion badge, gold and three silver arrows; Mike Starkey, lion badge, gold and two silver arrows; Dave Van Blaricom, gold and two silver arrows.

Webelos graduates from cub scouting presented with trophies and badges on a board, as a present from their parents, were Dennis Everhart, Larry Scullion, David Van Blaricom, Sam Watson.

Scoutmaster Tom Starkey of Troop 3 inducted into the scouts Dennis Everhart, Larry Scullion and David Van Blaricom, presenting them with Boy Scout neckerchiefs.

YOUTH, 14, DROWNS

SPRINGFIELD, Ohio (AP)—Lindsey Ray Spears, 14, Springfield, drowned Wednesday in an abandoned gravel pit here. A companion, 12-year-old Charles Wayne Cook, said Spears was wading when he suddenly slipped from sight in deep water.

SEA STUDY—Pat Carmen, one of a group of college students who'll study for six college credits during a six-week cruise in June, lugs her books aboard the SS President Cleveland in San Francisco. Two professors from San Francisco State College will be aboard the President Cleveland to conduct classes.

Seeks Orphans For Childless Couples

WASHINGTON (AP)—A one-man placement center for the illegitimate and orphan children of American servicemen abroad is enroute to Germany to see what can be done about filling the childless gap in thousands of U.S. homes.

"We could place 10,000 orphan children if we could just get them into this country," declared Harry Holt of Creswell, Ore., who personally has adopted eight parentless Korean youngsters of mixed blood.

The Oregon farmer said he is not certain just what he hopes to accomplish in Germany.

"I've heard there are a lot of orphans there and something can be done," he explained.

He said he plans to leave Washington June 7 for Frankfurt and Munich where friends in the military have offered to take him around. Later he will continue on to Korea.

Holt said he considers orphan relief to be a "mission of mercy" but expressed fear it might become involved in the general controversy surrounding the immigration subject.

With Holt was Elmer E. Enoch of Cambridge, Ohio, once a prisoner of war in Germany who has enlisted Holt's help to adopt a Korean child. Enoch said he does not plan to accompany Holt on his trip but came to Washington "just to see if there was anything I could do."

Wellsville Man Sued For Traffic Injuries

LISBON — A suit for \$50,000 for personal injuries and damages allegedly stemming from an auto accident was filed in Common Pleas Court Wednesday by Charles McCulley of Salineville, RD 1.

Herman Powell of Wellsville, RD 1 was named the defendant in the suit.

McCulley claims in the petition that on April 30, 1956 as he was driving south on Rt. 164, about 3.8 miles south of its junction with Rt. 518, Powell, who was driving north, tried to pass two trucks, causing his car to hit the plaintiff's car head on. McCulley claims the defendant was driving left of center.

11 Nurses Attend Refresher Course

LISBON — Eleven Columbiana County nurses attended the home nursing refresher course held at the American Legion Home Tuesday from 9 a.m. to 4 p.m.

Miss Wilma Porter, R.N., of Columbus, Eastern Ohio representative for the home nursing division of the American Red Cross, was the instructor.

Nurses attending were Mrs. Edna Jones, Mrs. Jane Jolly, and

Mrs. Jeanette Carpenter of East Liverpool; Mrs. Augusta Ibele and Mrs. Rebecca Ward of Salem; Mrs.

Mary Alice Rumberger of Lisbon; Mrs. Mildred Ashbridge and Mrs. Violet Peterson of East Palestine; Mrs. Ruth Gloss of Columbiana; Mrs. Sybel Degman of Leetonia; Mrs. Anna Gruber of Hanoverton.

Monasteries and institutions of religious orders did not originate with the Christians, but existed before them in the Orient.

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

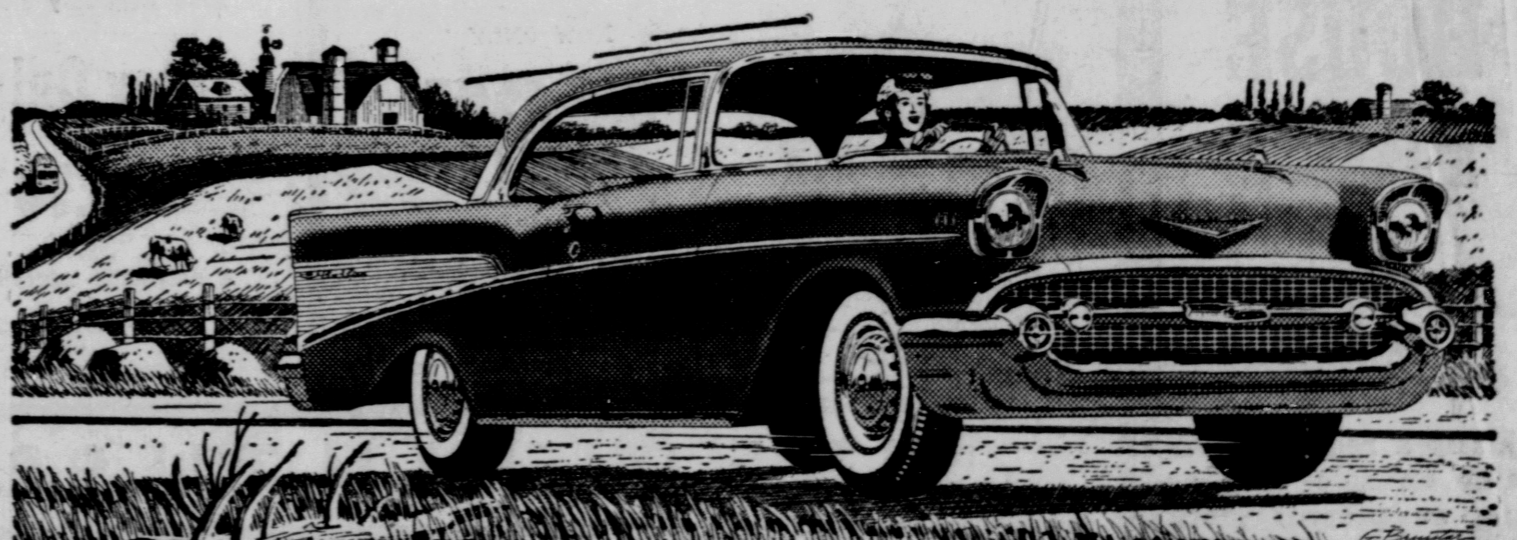

When you see a steep downhill stretch ahead, you set the selector at "GR" (Grade retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

HELD FOR CHILD STEALING
CHARDON, Ohio (AP)—A charge of child stealing was filed against Edward R. Bates of near Chagrin Falls Wednesday after he admitted to Sheriff Louis Robusky that he lured a three-year-old girl into his car in Geauga County. The girl was let out of the car a mile from her home unharmed. Bates waived a preliminary hearing before Justice of the Peace Charles H. Hall and was bound over to the grand jury on a bond of \$1,000.

Columbiana Residents Will Vote On Proposed Two-Mill Tax Levy

COLUMBIANA — A two-mill special tax levy for operating expenses to run for a five-year period will be placed on the Nov. 5 election ballot, it was decided by Village Council at a meeting Tuesday evening.

In other action, council decided to advertise for bids on 40,000 square yards of seal-coating, and approved the purchase of a street sweeper.

Solicitor Jack Kuhlman was instructed to refer the proposed tax levy to the Columbiana County

Board of Elections for placement on the ballot.

The two-mill levy would be a renewal of the present one-mill levy for Firestone Park and an additional one-mill levy for operating expenses.

It would amount to about \$10 on each \$5,000 of valuation, and would bring in about \$17,158 a year. The fund for a new fire truck needs building up to replace the oldest of the two in use, which was bought 20 years ago, and the Chamber of Commerce and business interests are urging appointment of a fourth patrolman.

The seal-coating project is designed to preserve streets, alleys and park and cemetery drives that have already been surfaced, and involves a larger amount than usual, the annual program last year having been postponed. Bids will be opened June 22, the work to begin by August 10 and be completed in six working days.

Work of the street sweeper has been demonstrated on Columbiana streets for a week and has been found satisfactory. Its purchase for \$4,300 was ordered on recommendation of Street Commissioner Carl Spratt and the street committee. The machine was delivered here for trial a week ago by the Road Machinery Supply Co. of Cleveland. It will effect a saving over hand-sweeping.

Budget Bureau OK's Mahoning River Dam

WASHINGTON (AP)—President Eisenhower's Budget Bureau has approved a proposal to build a \$12,585,000 dam on the West Branch of the Mahoning River in Ohio.

The West Branch project, which would be built 10 miles above the mouth of the Mahoning River in Eastern Ohio, has been hotly opposed by certain industries, including railroads, around Pittsburgh.

These interests claim it is an entering wedge for a canal between Lake Erie and the Ohio River.

Rep. Kirwan (D-Ohio), principal sponsor of the project, says it is absolutely necessary for flood control and low water regulation on the Mahoning.

The Senate already has passed an authorization bill containing the West Branch project.

FINED \$150 IN LISBON

LISBON — One motorist was fined for driving while intoxicated at a hearing before Mayor Wilbur Warren Wednesday and another forfeited a bond.

Earl Edward Hawkins, 40, of Fairmont, W. Va., was fined \$150 and costs and given three days in jail. He was cited by village police.

Dorothy H. Wilson, 18, of 300 W. Washington St., Lisbon, forfeited a \$10 bond on a charge of reckless operation.

SUBMITS LOW BID

HUNTINGTON, W. Va. (AP)—An apparent low bid of \$86,104.45 for construction of a rocket storage checkout and assembly building for the Ohio Air National Guard at Mansfield, Ohio, municipal airport, was submitted Wednesday by the Mansfield Housing Co. U. S. Engineers estimated the work would cost \$90,407.50.

Ten cadets were at West Point when it first opened.

Roosevelts Undaunted By Airplane Crash

KANSAS CITY (AP)—Undaunted by a crackup of their plane, Elliott and Franklin D. Roosevelt Jr. planned to continue an aerial cattle-buying tour today.

Elliott said his eldest son Bill Roosevelt would fly from Denver in another plane and pick them up. They planned to stop to see some cattle at Larned, Kan., on the way to Denver.

The sons of the late President and two other men escaped injury Wednesday at Fort Scott, Kan., when Elliott's plane hit mud on a takeoff and skidded through a fence into some brush across the road. A Fort Scott pilot estimated the damage at \$10,000.

"I've been in several crackups," Elliott said after a motor car trip to Kansas City. "Three of them in the war, in Mosquito bombers and P38s. I would say they were major ones. This one was definitely minor."

He said the plane was insured.

ORE SHIPMENTS INCREASE

CLEVELAND (AP)—Shipments of iron ore from U. S. and Canadian ports during May exceeded the same period last year by 173,802 tons, the Lake Superior Iron Ore Assn. reported Wednesday.

In The Service

Alexander Lease, Jr.

Alexander L. Lease Jr., son of Mr. and Mrs. Alexander Lease Sr., of RD 4, Lisbon, is enjoying a 15-day leave with his parents before reporting to Jacksonville, Fla., for duty aboard the USS Franklin D. Roosevelt.

Lease, a 1956 graduate of Salem High School, entered the Navy in June, 1956. Since then he has completed basic training, graduated from the Navy Class "A" Machinist's Mate school and worked as part of "ships company" at the United States Naval Training Center at Great Lakes, Ill.

He enlisted in the Navy under the high school graduate program and was guaranteed to attend a school in the field of his choice before enlistment.

Airman Penalized For Mistreating Trainee

SAN ANTONIO, Tex. (AP) — A court-martial Wednesday reduced Airman 2C William Roberts Jr. one grade in rank and fined him \$50 a month for two months for mistreating a basic trainee.

Roberts, a 110-pound drill instructor, was convicted Tuesday of pulling trainee Robert Dinsbacher, 20, of Astoria, Long Island, N. Y., out of his bunk to the floor.

The court acquitted him of striking Dinsbacher "about the head and body with his hands and shoving his head and body against the wall."

Roberts, 22, was also acquitted of kicking another basic trainee, George E. Walker, 18, of Springfield, Mo.

"I feel wonderful. I received a fair and impartial trial and I am grateful to the members of the court," the airman said after the sentence was announced.

"That's wonderful," his father, an Army reserve major who acted as a defense attorney at the court-martial, said.

The sentence was announced after the court heard pleas of extenuating and mitigating circumstances this morning. Testimony from several Air Force officers, stating that Roberts was a good instructor, was presented.

OHIO GIRL ESCAPES

CLARION, Pa. —Phyllis Jean Bish, 22, of Gedford, Ohio, escaped from Clarion County jail here Wednesday while awaiting sentencing on a worthless check charge. State police said the girl, who walked away while helping a matron clean cells, was reported hitch hiking toward Bethlehem, Pa. Miss Bish pleaded guilty to the worthless check charge last week.

LIKE FATHER—Dave Beck Jr., son of the controversial Teamsters Union boss, followed in his father's footsteps in his appearance before the Senate Labor Rackets Committee in Washington, D.C. refusing to answer whether he had received \$65,000 in salary and expenses from the union during the past three years, Beck, 36, invoked the Fifth Amendment to almost all questions.

SENTINEL OF PARIS—Although architectural purists at first rebelled at the stark lines of the Eiffel tower (extreme right), Parisians have come to like this classic landmark. The tower also serves the French as a gigantic wireless aerial.

GO, GIRL, GO—Riding a Galapagos turtle isn't part of the requirements in the "Miss Washington" contest, but contestant Pat Kelley decided to give it a good try while visiting city's widely known zoological park.

CITY OF PALMS—Coconut palms frame the waters of Whiskey creek near Fort Myers on Florida's southwest Gulf coast. The creek empties into the Caloosahatchee river, western leg of a cross-state canal. Fort Myers is called City of Palms.

THOSE 'GOOD OLD DAYS'—At Montana's Virginia City there are many reminders of the "good old days" when the territorial capital was a booming gold town. Not the least of these reminders is this brewery wagon.

AN ORPHANS' HOME—Raising a litter of orphaned woodchucks is the unusual project of the children of the Hillcrest school near Waukesha, Wis. The woodchucks, now about seven weeks old, are fed milk from doll bottles, carrots, bananas, clover and bread. Three of the school children have woodchucks on a desk.

FRIENDLIER SCHOOLS

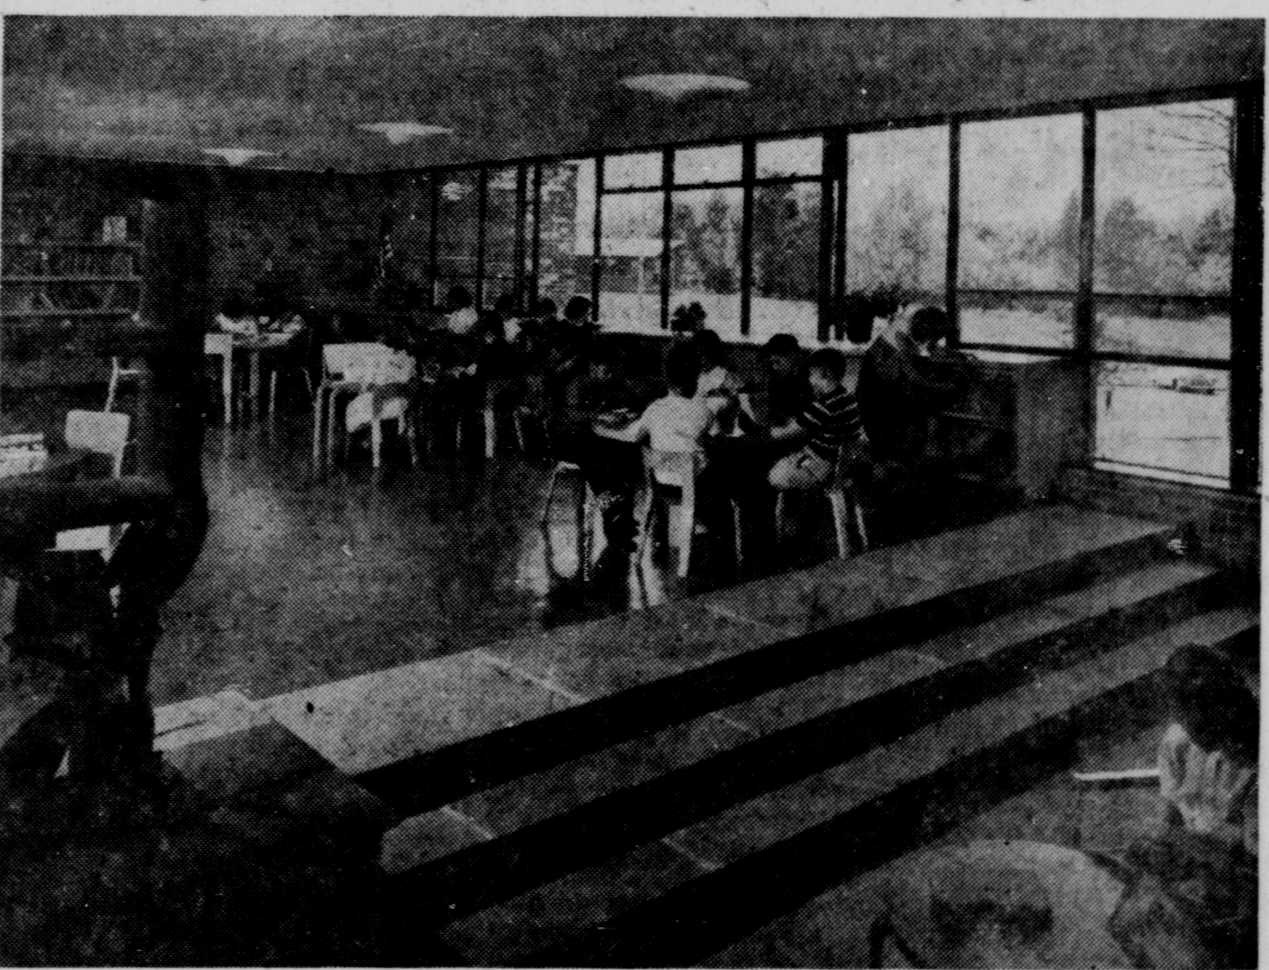

AMERICA'S SCHOOLS have traveled an amazing distance from the "little red school house" to the latest models. Lawrence Perkins of Chicago, who has designed nearly 300 schools, says schools should be friendly, workable places. He believes it's a matter of design. Schools should blend with the landscape. Walls should open with glass so students won't feel chained. As Perkins puts it, "The student is never completely separated from the outdoor world. His school is a part of the world, and only partially roofed." Here are some good examples.

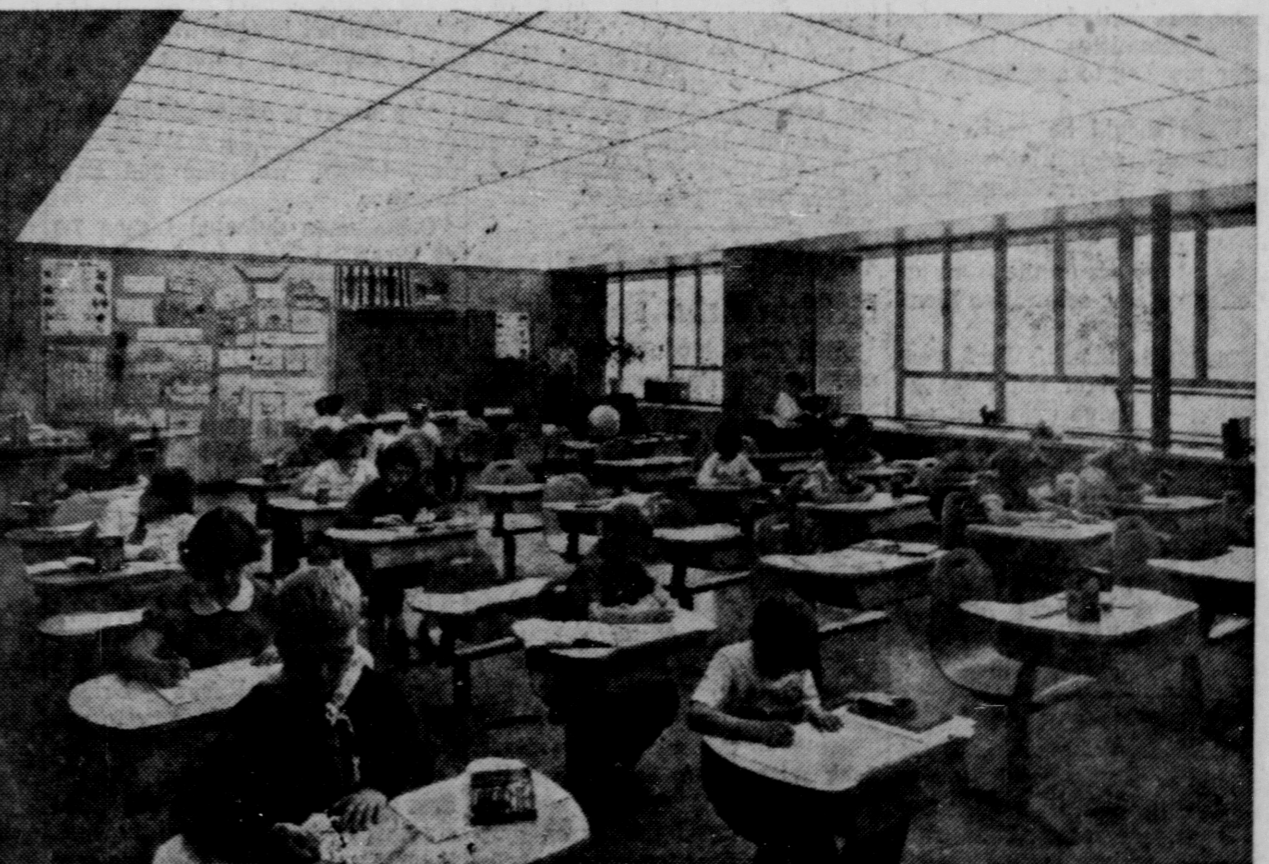

The corridor can be "pathway for sunlight." Daylight bounces across the corridor.

This kindergarten room, in design terms, calls for area scaled for young minds.

Intimate groupings and furniture scaled to the users enhance mood of this library.

Lighting makes classrooms "come alive" and contributes to students' well-being.

Donovan's Rhythm in the Mound

CHICAGO (AP) — Right-handed pitcher Dick Donovan has found "rhythm on the mound" and it may mean a pennant tune for the high-flying Chicago White Sox.

The rangy, 29-year-old Irishman from Quincy, Mass., Wednesday won his fifth victory against one defeat and turned in his fifth complete game in his last six starts by taming the Boston Red Sox 6-2 with a well-paced eight-hitter.

Ray Berres, who handles the pitchers for White Sox manager Al Lopez, commented today that Donovan has rectified a timing fault he had last year when he had a disappointing 4-4 record for the first half of the season.

"It was a matter of rhythm," said Berres. "Dick was getting his body ahead of the ball last year. His timing was off and he was ineffective, as a result. Now he has his rhythm back and his delivery is smooth and deceiving."

Donovan never has maintained a full-season stride for the White Sox, who obtained him from Atlanta, Southern Assn. club of the Milwaukee Braves, in September, 1954.

In 1955, Donovan had won 13 of 17 Sox decisions by July 31 and then was sidelined by an appendectomy. Some observers thought that was the killing blow to the "Chi-Sox" pennant chances of that season. He wound up 1955 with a 15-9 mark.

Last year Donovan struggled to a 4-4 record the first half of the season, and then spurred to win eight and finish with a respectable 12-10 record.

Donovan was knocked out in his first two starts this year, but was not the pitcher of record in either. In his third start, he went all the way for a victory and then suffered his lone setback in a complete game against Boston May 7.

Then came four straight victories on all-the-way performances. In his last 32 innings, Donovan has permitted 12 earned runs.

Donovan got off to a shaky start against the Red Sox Wednesday, allowing two runs and six hits in the first three innings. But he blanked Boston the rest of the way, allowing two harmless blows, a double by Ted Williams in the fifth and a single by Sammy White in the ninth.

Will Air Ward's Amateur Status

CHICAGO (AP) — The questioned amateur status of Harvie Ward, National Amateur golf champion the last two years, will be aired Friday by the executive committee of the U.S. Golf Assn.

Ward, of San Francisco, will attend the meeting in person at headquarters of the Western Golf Assn., in suburban Golf, Ill.

The question of Ward's amateur standing arose a month ago when his employer, Eddie Lowry, a San Francisco auto dealer, stated to a grand jury in connection with income tax evasion charges that he had paid Ward's expenses to the Canadian and U.S. amateur tournaments in 1954.

Last month the U.S.G.A., upon request, received from Ward replies to questions posed in an effort to ascertain whether he had accepted expenses for tournaments in violation of the U.S.G.A. rules of amateur status. Ward thereby was invited to appear before the committee at its next regular meeting to amplify his replies in person.

If Ward should be deprived of his amateur standing he would be eligible to apply for reinstatement at once.

"He would be placed on probation for two years dating from his last offense," the committee member said.

According to this, if Ward were held in violation of the rules by accepting excessive expenses, and if the issue in question occurred only in 1954, his reinstatement would automatically be immediate.

If the way is cleared, Ward will be shooting for an unprecedented third straight National Amateur title at Brookline, Mass., Sept. 1-14.

MAJOR LEAGUE STARS

Pitching, Don Drysdale, Dodgers—gained first major league shutout, with five-hit, nine-strikeout 4-0 victory over Cubs that pushed Brooklyn into second place.

Hitting, Gil McDougald, Yankees—hit two home runs and a single in consecutive at bats to drive in five runs and lead 13-3 victory over Indians.

night of the form which carried them to the world championship last year. To the delight of Yankee Manager Casey Stengel, his team started hitting the ball like Yankees of old—at the expense of the hapless Indians.

In the first two games of the current series, the Bronx Bombers belted seven Cleveland pitchers for a total of 28 hits. Nine of the 28 safeties were for extra bases, including five home runs, two by Gil McDougald in Wednesday night's 13-3 rout of the Indians.

Things were quiet during the first three innings of Wednesday night's contest. The Indians scored a run in the first on a single by Roger Maris, Rocky Colavito's walk and a single by Vic Wertz. Al Smith hit into a double play to end the inning.

Early Wynn started strong for the Tribe, retiring the first 10 Yankees to face him. After Hank Bauer popped out in the fourth, Gil McDougald and Mickey Mantle belted back-to-back home runs and Wynn was on the way to his sixth loss of the season.

The Yankees collected two more runs in the fourth on a walk, a single and Elston Howard's double. Howard started in the outfield for New York but went behind the plate after Yogi Berra left the game with a face injury. A foul tip from the bat of Larry Raines broke Yogi's mask and a metal cross piece hit him on the nose.

The game turned into a rout in the sixth when the Yankees batted 13 times and scored seven runs on seven hits. McDougald slammed his second home run of the game and brought two more runs home with a base-loaded single in his second appearance of the inning.

Wynn, who has given up as many home runs as any pitcher in the league, was replaced by Hank Aguirre after serving up a second sopher ball to McDougald.

Aguirre did not improve on Wynn's performance. He faced five batters and gave up two singles and two doubles. The fifth man was safe on Chico Carrasquel's error.

Cal McLish was called in to stop the slaughter and managed to get two men out. He then walked Hank Bauer to load the bases and gave McDougald a two-run single. George Strickland finally threw out Mantle to end the inning.

The Yankees added another run in the seventh before Stan Pitula replaced McLish. Bill Skowron got the final New York run with his seventh homer of the season in the eighth.

While his team mates blasted the Tribe, little Bobby Shantz was holding the Indians to seven hits for his sixth victory against one defeat. Home runs by Jim Hegan and Carrasquel accounted for the final two Cleveland runs.

Mike Garcia has been chosen to handle the mound duties for the Indians today, opposing Johnny Kucks.

Three NHL Clubs Making No Progress

MONTREAL (AP)—Three National Hockey League clubs, wrestling with a budding wholesale swap of players, appeared no further ahead today after 48 hours of offers, counter-offers and thousands of words.

The NHL cleaned up its 40th annual meeting Wednesday. Intra-league draft operations saw five players find new major league berths and a final mild session approved television arrangements and straightened out a few minor problems.

So far as could be learned, the big three-team deal essentially was just where it was after the 1956-57 season.

The teams reported involved are Detroit Red Wings, Boston Bruins and Chicago Black Hawks. There was a chance New York Rangers might ultimately figure. Montreal Canadiens and Toronto Maple Leafs appeared only interested spectators.

Key players are goalie Terry Sawchuk, property of Boston, and left-winger Ted Lindsay, long a star with Detroit. Half a dozen or more other established NHL players may be involved.

Top Golf Pro's Tee Off In Akron Tourney

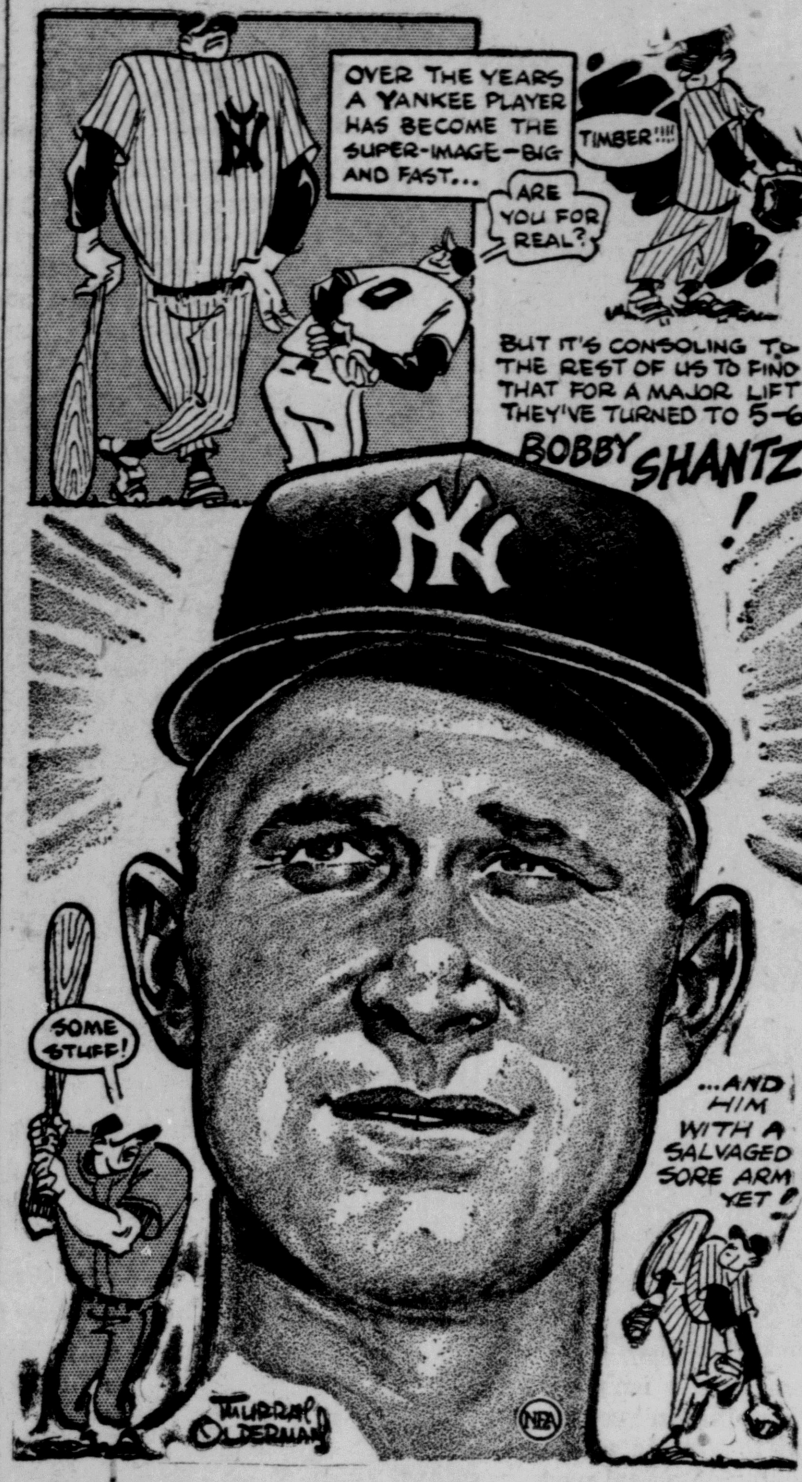

AKRON, Ohio (AP)—Doug Ford and Arnold Palmer, top money makers this year on the professional golf circuit, were to tee off with 130 other golfers here today in the opening round of the \$22,000 Rubber City Open Tournament.

The four-day medal test will be played over the 6,620-yard Firestone Country Club course. Three former winners of the event, Ed Furgol, Tommy Bolt and Henry Ransom are shooting for this year's top prize money of \$2,800.

Some of the game's top stars, Jack Burke, Sam Snead, Ben Hogan, Dr. Cary Middlecoff and Jim Demaret skipped the Akron tournament for practice rounds at Toledo, Ohio, where the National Open will be played next week.

Eddie Yost led the American League in most walks four times in the last seven seasons.

11th Inning Win Over Phils Gives Redlegs Two-Game Lead

PHILADELPHIA (AP) — An 11th inning 4-2 victory over Philadelphia gave Cincinnati's Redlegs a full two-game lead in the sizzling National League race today. They had pinchhitter Jerry Lynch's first extra-base blow of the year, a triple, to thank for the advantage.

The defeat tumbled the Phils into third place, a half game behind Brooklyn, which took over the runnerup spot with a 4-0 romp over Chicago.

Swimming Classes Set At Park Pool

The first in a series of beginner swim classes for children will begin Monday at the Centennial Park Pool.

Registrations for the classes will be received Friday from 9:30 to 11:30 a.m. at the park and recreation department in the Memorial Building.

Schedule for Monday's classes includes: 9:10 a.m., intermediate swimmers and junior and senior life saving; 10:11 a.m., learn to swim, ages 9 and over; 11:12 a.m., learn to swim, beginners aged six through eight.

The classes, to be conducted on Monday through Friday for three consecutive weeks, will terminate Friday, June 28.

The initial session beginning Monday is primarily for children of faiths not conducting vacation Bible schools. The other complete courses which will follow during the summer will begin July 8 and Aug. 5.

Persons qualified as instructors in life saving and water safety or those who have completed a water safety aides course are invited to assist in instructing the courses.

Junior Legion Baseball League Playoffs Set

Playoffs in the six-team Columbiana County Junior American Legion Baseball League will begin in East Palestine, Saturday, June 22.

The league is composed of teams in Columbiana, Salem, East Palestine, Lisbon, Wellsville and East Liverpool.

Columbiana defeated Lisbon 7-0 at Firestone Park in Columbiana Sunday afternoon, when Verne Wilhelm of Austintown pitched a no-hitter for Columbiana. Dale Gromley of Canfield, catcher for Columbiana, doubled with the bases loaded. Columbiana played four games, won two and lost two.

Thirteen Top Pacers Entered At Lebanon

LEBANON, Ohio (AP) — Thirteen top four and five-year old pacers are entered in the Trans-America Pace at Lebanon Raceway Friday night, making it necessary to run the race in two divisions.

Seven pacers will start in the first division in the sixth race, and six will go in the second division, the eighth event on the nine-race card.

Because of the larger number of starters, management of the raceway added \$2,500 to the \$6,500 purse, and the pacers will race for \$4,500 in each dash.

Turner Wins On Split Decision

Hospitalized After Fight With Bahama

MIAMI BEACH, Fla. (AP) — A "blood swelling" on the forehead put Gil Turner in a hospital Wednesday night after the busy Philadelphia batter had beaten out a split decision over Yama Bahama in a 10-round television fight.

Dr. Samuel Kaplan, physician for the Miami Beach Boxing Commission, said Turner had a blood blister "the size of half an apple" on his forehead when he emerged from the vigorous scrap with his opponent from Bimini in the Bahama Islands.

On the chance that Turner might have suffered a concussion, Kaplan ordered him into a hospital.

Kaplan described the injury as a "hematoma," a blood swelling under the skin but outside the skull. He said it is possible in such cases that there might be an injury to the brain.

Turner's manager, George Katz, said Turner suffered great pain from the fourth round until the end of the fight.

Turner's victory avenged a beating he took from Bahama a year ago but there was a great difference of opinion over who actually won the rousing scrap in the Miami Beach Auditorium.

There were loud boos from the crowd when it was announced that Turner had been given a split decision. Judge Gus Jacobson voted for Turner 96-95 and referee Cy Gottfried gave Turner a 97-96 edge.

Judge Stu Winston gave Bahama a 97-94 margin and The Associated Press also voted for Bahama 96-97.

Each fighter weighed 152. Bahama, a cool, quick-punching boxer, made Turner miss badly through the early rounds and scored consistently with clean, hard punches from long range.

But the officials liked the aggressiveness of Turner, who was consistently on the attack in the late rounds.

Fan Instrumental In Phillies' Defeat

tor at the Philadelphia-Cincinnati game Wednesday night probably cost the Phillies the victory—and wound up in jail.

In the third inning with one out and the Phillies' Richie Ashburn on first, Grannie Hamner lined one down the right field line. Ashburn was home and Hamner rounding second with the ball still bouncing along when Thomas Harrison of Wilmington, Del., leaned out of the stands and grabbed it.

Ashburn was sent back to third and Hamner to second when the umpires ruled a ground rule double. On the next play Ashburn scored on a slow roller but Hamner who would have been on third but for the interference never reached home.

Cincinnati later won 4-2 in 11 innings.

And Harrison?

He was escorted from the park by an usher and turned over to police who charged him with disorderly conduct.

Harrison was probably glad of the police protection from the Phillies' fans who saw their team lose a chance to come within a half game of league-leading Cincinnati and drop to third place instead.

VICTOR AT LEBANON

LEBANON, Ohio (AP)—Solo Song won his sixth effort Wednesday night in the \$600 mile pace feature at Lebanon Raceway, with owner-driver E. Samples of Rockford, Ohio at the reins. A crowd of 1,675 wagered \$57,514.

Junior Golf Tourney Set June 17 by Jaycees

The Salem Golf Club will be the site of the Jaycee-sponsored junior golf tournament to be held on June 17.

The tourney is opened to all boys who will not have reached their 18th birthday by August 18. Winners of the Salem tournament will advance to the elimination match at Norwood, near Cincinnati, scheduled July 22 and 23. The finals for the championship will be held on the Ohio State University course Aug. 19.

Tee-off time for the tourney is 9 a.m., and each entrant should be out early so that he can be matched with a partner of equal ability. The tourney will be an 18-hole medal play event.

Entry blanks can be picked up at Gordo's Leather Shop, Memorial Building and the Golf Club. Entries will be accepted until 5 p.m. Monday.

As a sidelight to the local tournament, National Golf Day is June 8. Each person pays \$1 for the opportunity of trying to beat the current National Open champ, Cary Middlecoff.

The money made from this tourney will help to defray the expenses of transportation and housing of the boys in the state tournament.

Past champions of the Jaycee Junior golf tourney are Gene Littler, Bud Holscher, Doug Sanders, Al Mengert and Tommy Jacobs. Littler was the first winner in 1946.

Any person wishing additional information may contact Bill Lewis, chairman; Earl Miller, co-chairman; Jack Rance, Dick Calvin, Don DeJare, or Vince Leskosky, local pro at the Salem Golf Club.

Fishing Taught At N. Carolina State College

Maybe you could get students up for a class at 4 a.m. and still keep a waiting list for enrollment if you taught—well, say, fishing for instance.

So North Carolina State College at Raleigh teaches fishing, gets the students up at 4 a.m. and has applicants from 10 states in the limited class of 100.

Not only that, but 15 of them are post graduate return students. Many are married couples.

The current class draws its members from Illinois, Virginia, Pennsylvania, Indiana, Michigan, Florida, West Virginia, New York, Maryland and of course North Carolina.

This year, the annual short course in sports fishing will be held on an outer banks "campus" fromitty Hawk to Hatteras, on both fresh water ponds and the gulf stream.

Although the plush accommodations at a seaside resort, plus the nature of the curriculum, suggests that a week of study would be remarkably similar to a week's vacation package at \$125 a head, the short course really deals with serious business—speaking.

The stated purposes: Study the habits of sports fish. Discussion—with a panel of experts—on the variable factors involved in fishing success.

A briefing to develop appreciation of the general factors in fish management.

Specific uses and limitations of various kinds of fishing tackle. Also worked out with a panel.

Field trips, with expert fishermen as mentors.

That 4 a.m. class? It's a tough one. All day long students have to study deep-sea fishing in the Gulf stream off Cape Hatteras.

Krichell, Baseball Scout, Succumbs

NEW YORK (AP)—Paul Krichell, who for 37 years served as a New York Yankee scout, signing many of baseball's greatest stars, died at his home Tuesday night. He was 74.

He joined the Yankee organization in 1920 and was their chief scout at the time of his death.

He signed, among others, Lou Gehrig, Tony Lazzeri, Red Rolfe, Leo Durocher, Phil Rizzuto, Charley Keller, Vic Raschi, Whitey Ford, Johnny Murphy, Mark Koenig, George Selkirk, George Stirm, Hank Borowy, Frank Shea, Billy Werber, Tommy Byrne, Benny Bengough and Buddy Hassett.

8D, 7A Win Junior High Track Meets

In the Junior High School intra-class track meets held Wednesday afternoon at Reilly Stadium, 8D and 7A won the class championships.

Garry Devan starred for 8A. He won the 50, 100 and 220-yard dashes, and the broad jump. His time in the 50 was 6.2 seconds; in the 100, 11.5; the 220, 26.7; and he did 16 feet 6 inches in the broad jump.

George Esterly took two first places to pace his 7E home room which garnered second place in the seventh grade division. Esterly won the 70 yard low hurdles and the broad jump. His time in the hurdles was 12.5 seconds, and he jumped 13 feet 3 inches.

The 8th grades finished as follows: 8D, first 39 points; 8B, 29; 8A, 24; 8E, 19; 8G, 18; 8F, 16; and 8C, 10.

In the seventh grade first went to 7A, 38 1-5 points; 7E, 33 1-5; 7B, 20; 7D, 18 1-5; 7F, 18; 7C, 16 1-5; and 7G, 11 1-5.

White Sox Keep Surprising Pace; Score 6-2 Victory Over Boston

Detroit, Kansas City,
St. Louis, Brooklyn
Are Winners

By The Associated Press
Is it only Cleveland's beat-up pitching staff that makes the New York Yankees look good, or have the world champions finally decided to cut the comedy and get down to business in the American League pennant race?

It wasn't until they quit home and pulled into Cleveland that the Yankees managed to regain any kind of an attack, running up 20 runs on 28 hits in two games. The champs had scored only 20 runs in the previous six games—against tailenders Baltimore and Washington—and had lost four of them.

Then they started swinging against the Injuns' weary staff, overworked with the loss of injured Herb Score and Bob Lemon and without a complete game since May 26.

Early Wynn lost his sixth Wednesday night as the Yankees unloaded four home runs and 16 hits for a 13-3 breeze. It was their third in a row, but left them five games behind the first-place White Sox and also left them without catcher Yogi Berra, who suffered a broken nose when a foul tip broke his mask.

The White Sox kept their surprising pace—winning 19 of 24—with a 6-2 victory over the Boston Red Sox. Detroit moved into a fourth place tie with Boston by defeating Washington 3-2 in 11 innings. Kansas City defeated Baltimore 3-2.

In the National, Cincinnati's Redlegs cooled off Philadelphia 4-2 in 11 innings for a two-game lead. The Phils slipped to third, 2½ back, as Brooklyn took over second with a 4-0 victory over the Chicago Cubs. Fourth-place Milwaukee, three games behind, beat New York 9-8 in a game that had nine home runs, six by the Giants. St. Louis defeated Pittsburgh 5-1.

Wynn, a 37-year-old knuckleballer retired the first 10 Yankees before Gil McDougald belted the first of his two home runs and

Mickey Mantle followed with his 12th homer in a four-run sixth. McDougald homered again in a seven-run fifth and singled in his next at bat for a total of five runs batted in. Bill Skowron homered and drove in four runs.

Bobby Shantz won his sixth with a seven-hitter, giving up homers to Chico Carrasquel and Jim Hegan.

Dick Donovan won his fifth for the White Sox, who took a 3-2 lead in the fifth with a pair of runs on Billy laus' two-out error and a bases-loaded walk by loser Tom Brewer. Donovan gave eight hits—two to Ted Williams, who now is hitting .401—but permitted only two after the third inning.

Bil. Tuttle, benched for weak hitting, delivered a pinning in the 11th to win for the Tigers. Paul Foytack won his sixth, relieving in the ninth when the Senators tied it against starter Frank Lary.

Home runs by Gus Zernial and Lou Skizas won for the A's. Arnie Portocarrero won it, with relief help.

The Redlegs handed the Phils their third defeat in the last 10 games on an error, Jerry Lynch's pinch triple and Roy McMillan's

single for two 11th-inning runs against losing reliever Dick Farrell. Ed Bouchee's inside-the-park homer had given the Phils a 2-1 lead in the sixth, but Cincy tied it in the ninth, again with the help of an error. Johnny Klippstein won it in relief.

Sophomore Don Drysdale claimed his first major league shutout for the Brooks with a five-hitter. He struck out nine. Gino Cimoli drove in two runs, with his sacrifice fly breaking up a duel with Don Kaiser in the sixth. The Dodgers, winning their third in a row, iced it with three in the eighth.

An eighth-inning triple by Bob Malkmus—his first major league hit in 14 at bats—and a passed ball won for the Braves and reliever Ernie Johnson, who smacked a three-run homer, Joe Adcock and Bobby Thomson also homered for the Braves while Red Schoendienst and Hank Sauer slugged two each and Willie Mays and Whitey Lockman swatted one apiece for the Giants.

Lindy McDaniel won his fifth with a five-hitter after the Cards, who hung a sixth defeat on Bob Friend with a four-run first inning.

Yankees' Pride Hurt; Respond By Winning 3

CLEVELAND (AP)—The famous pride of the Yankees appears to have been hurt by a series of recent events—latest a scolding by their former shortstop Phil Rizzuto—and they've responded by winning three games in a row, bashing out 12 and 16 hits in the last two.

After Tuesday night's 7-4 victory here, old Casey Stengel said that maybe the addition of ex-Yankee Charley (King Kong) Keller to the coaching staff had helped make the Yankees act more like Yankees.

After Wednesday night's 13-3 pasting of the Indians, Manager Stengel may be considering finding some sort of job for Scooter Rizzuto, who dropped a few remarks in a luncheon speech Wednesday that reportedly shook up the world champs.

The Scooter, now a sports announcer, scooted into hot water with the undergraduates at his alma mater by saying the current Yankees "have been reading too many newspapers" and "think all the other players are going to roll over and play dead."

He also had a jab for Stengel, who, he said, contributed to a hurtful cockiness by saying in spring training that this year's team was "the greatest of all time."

"Now he probably wishes he could eat those words," Rizzuto said at a Cleveland Jaycee luncheon honoring Bob Feller, retired Tribe strikeout king.

"I don't see how this team compares to the teams of 1941 and '42 when the Yankees had such players as Joe DiMaggio, Joe Gordon, Tommy Henrich..." Rizzuto went on.

Rizzuto bemoaned his remarks during his broadcast back to New York of Wednesday night's game. "I went and opened my mouth," he said. "Now some of the Yankee players are mad at me and so they tell me is Stengel."

Investigates Reports Athletes Abuse Use Of 'Pep-Up' Pills

NEW YORK (AP)—Athletes and sports officials were on record today as saying they get their pep from training and physical conditioning, not from pills as stated in a resolution by delegates of the American Medical Assn.

The AMA Wednesday ordered a study by its trustees into "shocking" reports of dangerous abuse of potent pep-up pills by athletes. They called for a halt to any

abuses of drugs to make players superathletes.

Dr. Herbert Berger, chairman of the New York State Medical Society, said, "The recent rash of four-minute miles is no coincidence. When I was a college boy, the four-minute mile was as unlikely as flying to the moon."

His society introduced the resolution.

Don Bowden, University of California miler who was the first American to break the four-minute barrier, called the statements "ridiculous and silly."

"I don't believe anything could help you run a four-minute mile except top physical condition," he said.

Dr. Berger said he thinks the worst abuse is by boxing, secondly by professional and college football and other athletes, and thirdly by high school athletes.

James A. Farley Jr. of the New York State Athletic Commission said, "We have a competent and able medical staff checking fighters before and after every bout and I am convinced they could detect any violation of our rules which forbid the use of drugs before a fight."

Walt Byers, executive director of the National Collegiate Athletic Assn., and well known track coach George Eastment of Manhattan both said they never heard of such a thing in intercollegiate athletics. Eastment said he would ask for an investigation when the college track coaches meet next week in Austin, Tex.

Explaining the medical association's move, Dr. Berger said some drug addicts may get started by taking amphetamine and other stimulants while performing in athletics. "Amphetamine is by far the most dangerous drug existing today," he said, adding that there are widespread reports it is being used throughout the country by either athletes themselves or their coaches.

Bert Bell, commissioner of the National Football League which televises many of its games, said, "I am just as much against indiscriminate use of pep pills as anybody else—but I never heard of their use in athletics."

Homeworth, Bloomberg's, Purity Win

Purity whipped West End 20-1. Homeworth shutout Schwartz' 21-0, and Bloomberg's edged Salem Drive in 6-5, in games played last night at Kelley Park.

Bloomberg's knocked the Drive-In out of the undefeated ranks. After trailing 1-0 in the first inning, Bloomberg's scored three runs in the second and third innings.

In the bottom of the fourth, Drive-In tied the score, but in the sixth and seventh innings Bloomberg's tallied three runs while holding the losers to two tallies.

Purity wasted no time as they tallied 10 runs in the first two frames and then coasted to their victory.

Cox paced the winners with three for three and Smith had two for three to pace the losers.

Homeworth scored in every inning to win going away. Homeworth tallied 10 runs in the first three innings, and 11 more in the last two frames.

Davidson paced the winners with five hits in five trips to the plate, and Meissner and Leone got Schwartz's only hits.

Games on tap tonight are Drive-In vs Bloomberg's, 5:45; Kenmar vs Hendron's, 6:45; Kaiser vs Colleen's 7:45; and Petrucci's vs Westville, 8:45.

Sammy Taylor, highly regarded by the Milwaukee Braves, is catching for Atlanta in the Southern Assn. He hit .358 for Topeka, Kan., in 1956.

Columbus Jets Lose To Montreal Royals

COLUMBUS, Ohio (AP)—The last place Montreal Royals shoved over an unearned run in the eighth inning to defeat the Columbus Jets 8-7 here Wednesday.

After Montreal had gone ahead 7-5 with a four-run rally in the top of the seventh, Russ Sullivan's error plus Jim Gentile's single and Jim Clark's double in the eighth gave the Royals the game. The Jets rallied for two runs in their half of the ninth, both scoring on a single by Johnny Powers, but fell one short of a tie.

Final Two Days Of Golf Championship

RYE, N. Y. (AP)—The final two days of the 53rd Seniors Golf Assn. championship got under way today at Apawamis Club, with more than 170 golfers attempting to better the final 36-hole 146 score of defending champion Franklin G. (Fritz) Clement of Lake Forest, Ill.

John W. Roberts of Columbus, Ohio who fired a 71 his first day, soared to 77 Wednesday for a 148 total.

YOU JUST CAN'T WIN
LOUISVILLE, Ky. (AP)—Carl Burkhead just can't win for losing.

Playing a par 3, 150-yard hole at Shawnee Golf Course Wednesday, Burkhead got down in the required number.

But his playing companions each did better. Ed Jones fired a hole-in-one, and Rich Metzger and Ed Schoenbachler were in, in two.

Announce Revision In LL Series Play

WILLIAMSPORT, Pa. (AP)—Little League Baseball Inc. has announced the first major revision in the 10-year history of its world series play.

The annual four-day summer world series will be condensed to three days with the field of eight finalists cut to four.

Instead of eight districts qualifying entries for the Williamsport playoff, four separate regional tournaments will be held.

Sites for the regional playoffs will be New York City for the east, Louisville for the south, Chicago for the north, and San Francisco for the west. Dates were not announced. Only winners in these regionals will make the trip to Williamsport, birthplace of organized baseball for 8-12 year-olds.

The world series will start Wednesday, Aug. 21 and end Friday, Aug. 23.

FINED FOR CONVERSING

Tebbetts Is Happy About His Bench

PHILADELPHIA (AP)—Manager Birdie Tebbetts, who has played an assortment of ball talent into a first-place ball club, is more than happy today about his bench.

Tebbetts long has been an outspoken believer in the school of thought that a strong bench can make or break a pennant contender. This has been especially true since his big gun—Ted Kluszewski—went on the disabled list with a bad back. Ted is due back in action Monday.

Birdie used practically everybody but the travelling secretary Wednesday night as the Redlegs beat the Philadelphia Phillies 4-2.

The ball game virtually was sewed up by pinch-hitter Jerry Lynch, who clubbed out an 11th-inning triple to bat home the deciding run.

Other noteworthy Tebbetts pinch-hitter maneuvers included sending Art Schult in to bat for starter Hal Jeffcoat in the eighth. Schult singled.

Then there was Alex Grammas. He was pulled off the Cincinnati bench when second baseman John Temple was bounced in the third inning for protesting a Curt Simmons' strike. Alex got one of the Redlegs' nine hits, and handled his fielding chores to perfection.

Hapless Indians Are Swamped 13-3 By New York Yankees

Little Bobby Shantz Holds Tribe To 7 Hits

CLEVELAND — Tuesday night the New York Yankees moved into Municipal Stadium here for a three-game series which shaped up as a battle for second place with the Cleveland Indians.

Dick Donovan Finds 'Rhythm On the Mound'

CHICAGO — Right-handed pitcher Dick Donovan has found "rhythm on the mound" and it may mean a pennant tune for the high-flying Chicago White Sox.

The rangy, 29-year-old Irishman from Quincy, Mass., Wednesday won his fifth victory against one defeat and turned in his fifth complete game in his last six starts by taming the Boston Red Sox 6-2 with a well-paced eight-hitter.

Ray Berres, who handles the pitchers for White Sox manager Al Lopez, commented today that Donovan has rectified a timing fault he had last year when he had a disappointing 4-4 record for the first half of the season.

"It was a matter of rhythm," said Berres. "Dick was getting his body ahead of the ball last year. His timing was off and he was ineffective, as a result. Now he has his rhythm back and his delivery is smooth and deceiving."

Donovan never has maintained a full-season stride for the White Sox, who obtained him from Atlanta, Southern Assn. club of the Milwaukee Braves, in September, 1954.

In 1955, Donovan had won 13 of 17 Sox decisions by July 31 and then was sidelined by an appendectomy. Some observers thought that was the killing blow to the "Chi-Sox" pennant chances of that season. He wound up 1955 with a 3-5 mark.

Last year Donovan struggled to a 4-4 record the first half of the season, and then spurred to win eight and finish with a respectable 12-10 record.

Donovan was knocked out in his first two starts this year, but was not the pitcher of record in either. In his third start, he went all the way for a victory and then suffered his lone setback in a complete game against Boston May 7.

Then came four straight victories on all-the-way performances. In his last 32 innings, Donovan has permitted 12 earned runs.

Donovan got off to a shaky start against the Red Sox Wednesday, allowing two runs and six hits in the first three innings. But he blanked Boston the rest of the way, allowing two harmless blows, a double by Ted Williams in the fifth and a single by Sammy White in the ninth.

Will Air Ward's Amateur Status

CHICAGO — The questioned amateur status of Harvie Ward, National Amateur golf champion the last two years, will be aired Friday by the executive committee of the U.S. Golf Assn.

Ward, of San Francisco, will attend the meeting in person at headquarters of the Western Golf Assn., in suburban Golf, Ill.

The question of Ward's amateur standing arose a month ago when his employer, Eddie Lowry, a San Francisco auto dealer, stated to a grand jury in connection with income tax evasion charges that he had paid Ward's expenses to the Canadian and U. S. amateur tournaments in 1954.

Last month the U.S.G.A., upon request, received from Ward replies to questions posed in an effort to ascertain whether he had accepted expenses for tournaments in violation of the U.S.G.A. rules of amateur status. Ward thereby was invited to appear before the committee at its next regular meeting to amplify his replies in person.

If Ward should be deprived of his amateur standing he would be eligible to apply for reinstatement at once.

"He would be placed on probation for two years dating from his last offense," the committee member said.

According to this, if Ward were held in violation of the rules by accepting excessive expenses, and if the issue in question occurred only in 1954, his reinstatement would automatically be immediate.

If the way is cleared, Ward will be shooting for an unprecedented third straight National Amateur title at Brookline, Mass., Sept. 1-14.

MAJOR LEAGUE STARS
Pitching, Don Drysdale, Dodgers—gained first major league shutout, with five-hit, nine-strikeout 4-0 victory over Cubs that pushed Brooklyn into second place.

Hitting, Gil McDougald, Yankees—hit two home runs and a single in consecutive at bats to drive in five runs and lead 13-3 victory over Indians.

of the form which carried them to the world championship last year. To the delight of Yankee Manager Casey Stengel, his team started hitting the ball like Yankees of old—at the expense of the hapless Indians.

In the first two games of the current series, the Bronx Bombers belted seven Cleveland pitchers for a total of 28 hits. Nine of the 28 safeties were for extra bases, including five home runs, two by Gil McDougald in Wednesday night's 13-3 rout of the Indians.

Things were quiet during the first three innings of Wednesday night's contest. The Indians scored a run in the first on a single by Roger Maris, Rocky Colavito's walk and a single by Vic Wertz. Al Smith hit into a double play to end the inning.

Early Wynn started strong for the Tribe, retiring the first 10 Yankees to face him. After Hank Bauer popped out in the fourth, Gil McDougald and Mickey Mantle belted back-to-back home runs and Wynn was on the way to his sixth loss of the season.

The Yankees collected two more runs in the fourth on a walk, a single and Elston Howard's double. Howard started in the outfield for New York but went behind the plate after Yogi Berra left the game with a face injury. A foul tip from the bat of Larry Raines broke Yogi's mask and a metal cross piece hit him on the nose.

The game turned into a rout in the sixth when the Yankees batted 13 times and scored seven runs on seven hits. McDougald slammed his second home run of the game and brought two more runs home with a base-loaded single in his second appearance of the inning.

Wynn, who has given up as many home runs as any pitcher in the league, was replaced by Hank Aguirre after serving up a second sopher ball to McDougald.

Aguirre did not improve on Wynn's performance. He faced five batters and gave up two singles and two doubles. The fifth man was safe on Chico Carrasquel's error.

Cal McLish was called in to stop the slaughter and managed to get two men out. He then walked Hank Bauer to load the bases and gave McDougald a two-run single. George Strickland finally threw out Mantle to end the inning.

The Yankees added another run in the seventh before Stan Pitula replaced McLish. Bill Skowron got the final New York run with his seventh homer of the season in the eighth.

While his team mates blasted the Tribe, Little Bobby Shantz was holding the Indians to seven hits for his sixth victory against one defeat. Home runs by Jim Hegan and Carrasquel accounted for the final two Cleveland runs.

Mike Garcia has been chosen to handle the mound duties for the Indians today, opposing Johnny Kucks.

Three NHL Clubs Making No Progress

MONTREAL — Three National Hockey League clubs, wrestling with a budding wholesale swap of players, appeared no further ahead today after 48 hours of offers, counter-offers and thousands of words.

The NHL cleaned up its 40th annual meeting Wednesday. Intra-league draft operations saw five players find new major league berths and a final mild session approved television arrangements and straightened out a few minor problems.

So far as could be learned, the big three-team deal essentially was just where it was after the 1956-57 season.

The teams reported involved are Detroit Red Wings, Boston Bruins and Chicago Black Hawks. There was a chance New York Rangers might ultimately figure. Montreal Canadiens and Toronto Maple Leafs appeared only interested spectators.

Key players are goalie Terry Sawchuk, property of Boston, and left-winger Ted Lindsay, long a star with Detroit. Half a dozen or more other established NHL players may be involved.

Top Golf Pro's Tee Off In Akron Tourney

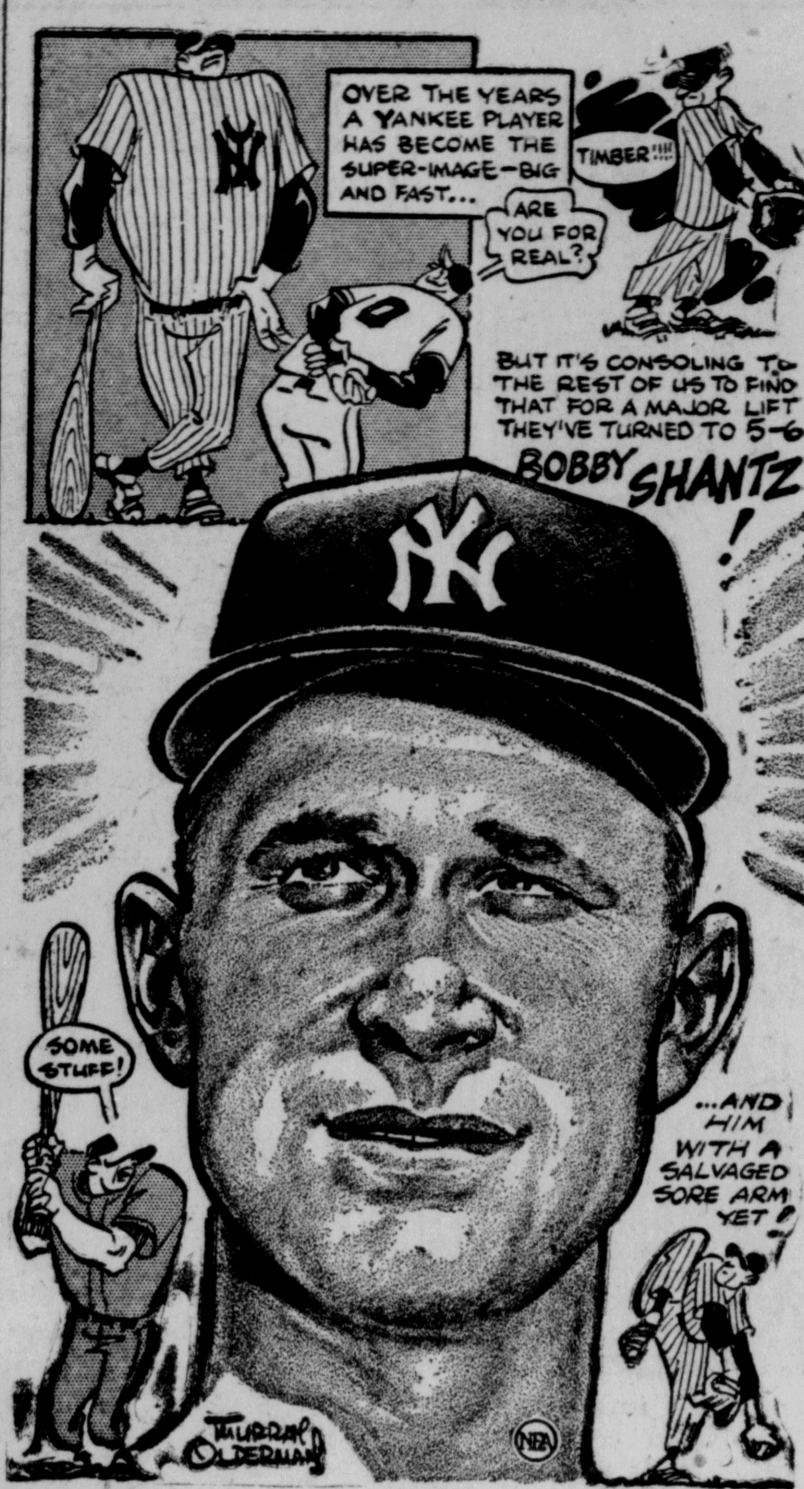

AKRON, Ohio — Doug Ford and Arnold Palmer, top money makers this year on the professional golf circuit, were to tee off with 130 other golfers here today in the opening round of the \$22,000 Rubber City Open Tournament.

The four-day medal test will be played over the 6,620-yard Firestone Country Club course. Three former winners of the event, Ed Furgol, Tommy Bolt and Henry Ransom are shooting for this year's top prize money of \$2,800.

Some of the game's top stars, Jack Burke, Sam Snead, Ben Hogan, Dr. Cary Middlecoff and Jim Demaret skipped the Akron tournament for practice rounds at Toledo, Ohio, where the National Open will be played next week.

Eddie Yost led the American League in most walks four times in the last seven seasons.

11th Inning Win Over Phils Gives Redlegs Two-Game Lead

PHILADELPHIA — An 11th inning 4-2 victory over Philadelphia gave Cincinnati's Redlegs a full two-game lead in the sizzling National League race today. They had pinchhitter Jerry Lynch's first extra-base blow of the year, a triple, to thank for the advantage.

The defeat tumbled the Phils into third place, a half game behind Brooklyn, which took over the runnerup spot with a 4-0 romp over Chicago.

Swimming Classes Set At Park Pool

The first in a series of beginner swim classes for children will begin Monday at the Centennial Park Pool.

Registrations for the classes will be received Friday from 9:30 to 11:30 a.m. at the park and recreation department in the Memorial Building.

Schedule for Monday's classes includes: 9-10 a.m., intermediate swimmers and junior and senior life saving; 10-11 a.m., learn to swim, ages 9 and over; 11-12 a.m., learn to swim, beginners aged six through eight.

The classes, to be conducted on Monday through Friday for three consecutive weeks, will terminate Friday, June 28.

The initial session beginning Monday is primarily for children of faiths not conducting vacation Bible schools. The other complete courses which will follow during the summer will begin July 8 and Aug. 5.

Persons qualified as instructors in life saving and water safety or those who have completed a water safety aides course are invited to assist in instructing the courses.

Junior Legion Baseball League Playoffs Set

Playoffs in the six-team Columbiana County Junior American Legion Baseball League will begin in East Palestine, Saturday, June 22.

The league is composed of teams in Columbiana, Salem, East Palestine, Lisbon, Wellsville and East Liverpool.

Columbiana defeated Lisbon 7-0 at Firestone Park in Columbiana Sunday afternoon, when Verne Wilhelm of Austintown pitched a no-hitter for Columbiana. Dale Gromley of Canfield, catcher for Columbiana, doubled with the bases loaded. Columbiana played four games, won two and lost two.

Thirteen Top Pacers Entered At Lebanon

LEBANON, Ohio — Thirteen top four and five-year old pacers are entered in the Trans-America Pace at Lebanon Raceway Friday night, making it necessary to run the race in two divisions.

Seven pacers will start in the first division in the sixth race, and six will go in the second division, the eighth event on the nine-race card.

Because of the larger number of starters, management of the raceway added \$2,500 to the \$6,500 purse, and the pacers will race for \$4,500 in each dash.

Turner Wins On Split Decision

Hospitalized After Fight With Bahama

MIAMI BEACH, Fla. — A "blood swelling" on the forehead put Gil Turner in a hospital Wednesday night after the busy Philadelphia batter had beaten out a split decision over Yama Bahama in a 10-round television fight.

Dr. Samuel Kaplan, physician for the Miami Beach Boxing Commission, said Turner had a blood blister "the size of half an apple" on his forehead when he emerged from the vigorous scrap with his opponent from Bimini in the Bahama Islands.

On the chance that Turner might have suffered a concussion, Kaplan ordered him into a hospital.

Kaplan described the injury as a "hematoma," a blood swelling under the skin but outside the skull. He said it is possible in such cases that there might be an injury to the brain.

Turner's manager, George Katz, said Turner suffered great pain from the fourth round until the end of the fight.

Turner's victory avenged a beating he took from Bahama a year ago but there was a great difference of opinion over who actually won the rousing scrap in the Miami Beach Auditorium.

There were loud boos from the crowd when it was announced that Turner had been given a split decision. Judge Gus Jacobson voted for Turner 96-95 and referee Cy Gottfried gave Turner a 97-96 edge.

Judge Stu Winston gave Bahama a 97-94 margin and The Associated Press also voted for Bahama 98-97.

Each fighter weighed 152. Bahama, a cool, quick-punching boxer, made Turner miss badly through the early rounds and scored consistently with clean, hard punches from long range.

But the officials liked the aggressiveness of Turner, who was consistently on the attack in the late rounds.

Fan Instrumental In Phillies' Defeat

tor at the Philadelphia-Cincinnati game Wednesday night probably cost the Phillies the victory—and wound up in jail.

In the third inning with one out and the Phillies' Richie Ashburn on first, Grannie Hamner lined one down the right field line. Ashburn was home and Hamner rounding second with the ball still bouncing along when Thomas Harrison of Wilmington, Del., leaned out of the stands and grabbed it.

Ashburn was sent back to third and Hamner to second when the umpires ruled a ground rule double. On the next play Ashburn scored on a slow roller but Hamner who would have been on third but for the interference never reached home.

Cincinnati later won 4-2 in 11 innings.

And Harrison? He was escorted from the park by an usher and turned over to police who charged him with disorderly conduct.

Harrison was probably glad of the police protection from the Phillies' fans who saw their team lose a chance to come within a half game of league-leading Cincinnati and drop to third place instead.

VICTOR AT LEBANON
LEBANON, Ohio — Solo Song won his sixth effort Wednesday night in the \$600 mile pace feature at Lebanon Raceway, with owner-driver E. Samples of Rockford, Ohio at the reins. A crowd of 1,675 wagered \$57,514.

Junior Golf Tourney Set June 17 by Jaycees

The Salem Golf Club will be the site of the Jaycee-sponsored junior golf tournament to be held on June 17.

The tourney is opened to all boys who will not have reached their 18th birthday by August 18. Winners of the Salem tournament will advance to the elimination match at Norwood, near Cincinnati, scheduled July 22 and 23. The finals for the championship will be held on the Ohio State University course Aug. 19.

Tee-off time for the tourney is 9 a.m., and each entrant should be out early so that he can be matched with a partner of equal ability. The tourney will be an 18-hole medal play event.

Entry blanks can be picked up at Gordon's Leather Shop, Memorial Building and the Golf Club. Entries will be accepted until 5 p.m. Monday.

As a sidelight to the local tournament, National Golf Day is June 8. Each person pays \$1 for the opportunity of trying to beat the current National Open champion, Cary Middlecoff.

The money made from this tourney will help to defray the expenses of transportation and housing of the boys in the state tournament.

Past champions of the Jaycee Junior golf tourney are Gene Litter, Bud Holscher, Doug Sanders, Al Mengert and Tommy Jacobs. Litter was the first winner in 1946.

Any person wishing additional information may contact Bill Lewis, chairman; Earl Miller, co-chairman; Jack Rance, Dick Calvin, Don DeJano, or Vince Leskosky, local pro at the Salem Golf Club.

Maybe you could get students up for a class at 4 a.m. and still keep a waiting list for enrollment if you taught—well, say, fishing for instance.

So North Carolina State College at Raleigh teaches fishing, gets the students up at 4 a.m. and has applicants from 10 states in the limited class of 100.

Not only that, but 15 of them are post graduate return students. Many are married couples.

The current class draws its members from Illinois, Virginia, Pennsylvania, Indiana, Michigan, Florida, West Virginia, New York, Maryland and of course North Carolina.

This year, the annual short course in sports fishing will be held on an outer banks "campus" fromitty Hawk to Hatteras, on both fresh water ponds, and the gulf stream.

Although the plush accommodations at a seaside resort, plus the nature of the curriculum, suggests that a week of study would be remarkably similar to a week's vacation package at \$125 a head, the short course really deals with serious business—speaking.

The stated purposes: Study the habits of sports fish. Discussion—with a panel of experts—on the variable factors involved in fishing success.

A briefing to develop appreciation of the general factors in fish management.

Specific uses and limitations of various kinds of fishing tackle, also worked out with a panel.

Field trips, with expert fishermen as mentors.

That 4 a.m. class? It's a tough one. All day long students have to study deep-sea fishing in the Gulf stream off Cape Hatteras.

Krichell, Baseball Scout, Succumbs
NEW YORK — Paul Krichell, who for 37 years served as a New York Yankee scout, signing many of baseball's greatest stars, died at his home Tuesday night. He was 74.

He joined the Yankee organization in 1920 and was their chief scout at the time of his death.

He signed, among others, Lou Gehrig, Tony Lazzeri, Red Rolfe, Leo Durocher, Phil Rizzuto, Charley Keller, Vic Raschi, Whitey Ford, Johnny Murphy, Mark Koenig, George Selkirk, George Stirnweiss, Hank Borowy, Frank Shea, Billy Werber, Tommy Byrne, Benny Bengough and Buddy Hassett.

8D, 7A Win Junior High Track Meets

In the Junior High School intraclass track meets held Wednesday afternoon at Reilly Stadium, 8D and 7A won the class championships.

Garry Devan starred for 8A. He won the 50, 100 and 220-yard dashes, and the broad jump. His time in the 50 was 6.2 seconds; in the 100, 11.5; the 220, 26.7; and he did 16 feet 6 inches in the broad jump.

George Esterly took two first places to pace his 7E home room which garnered second place in the seventh grade division. Esterly won the 70 yard low hurdles and the broad jump. His time in the hurdles was 12.5 seconds, and he jumped 13 feet 3 inches.

The 8th grades finished as follows: 8D, first 39 points; 8B, 29; 8A, 24; 8E, 19; 8G, 18; 8F, 16; and 8C, 10.

In the seventh grade first went to 7A, 33 1-5 points; 7E, 33 1-5; 7B, 20; 7D, 18 1-5; 7F, 18; 7C, 16 1-5; and 7G, 11 1-5.

White Sox Keep Surprising Pace; Score 6-2 Victory Over Boston

Detroit, Kansas City,
St. Louis, Brooklyn
Are Winners

By The Associated Press
Is it only Cleveland's beat-up pitching staff that makes the New York Yankees look good, or have the world champions finally decided to cut the comedy and get down to business in the American League pennant race?

It wasn't until they quit home and pulled into Cleveland that the Yankees managed to regain any kind of an attack, running up 20 runs on 28 hits in two games. The champs had scored only 20 runs in the previous six games—against tallenders Baltimore and Washington—and had lost four of them.

Then they started swinging against the Injuns' weary staff, overworked with the loss of injured Herb Score and Bob Lemon and without a complete game since May 26.

Early Wynn lost his sixth Wednesday night as the Yankees unloaded four home runs and 16 hits for a 13-3 breeze. It was their third in a row, but left them five games behind the first-place White Sox and also left them without catcher Yogi Berra, who suffered a broken nose when a foul tip broke his mask.

The White Sox kept their surprising pace—winning 19 of 24—with a 6-2 victory over the Boston Red Sox. Detroit moved into a fourth place tie with Boston by defeating Washington 3-2 in 11 innings. Kansas City defeated Baltimore 3-2.

In the National, Cincinnati's Redlegs cooled off Philadelphia 4-2 in 11 innings for a two-game lead. The Phils slipped to third, 2½ back, as Brooklyn took over second with a 4-0 victory over the Chicago Cubs. Fourth-place Milwaukee, three games behind, beat New York 9-8 in a game that had nine home runs, six by the Giants. St. Louis defeated Pittsburgh 5-1.

Wynn, a 37-year-old knuckleballer retired the first 10 Yankees before Gil McDougald belted the first of his two home runs and

Mickey Mantle followed with his 12th homer in a four-run sixth. McDougald homered again in a seven-run fifth and singled in his next at bat for a total of five runs batted in. Bill Skowron homered and drove in four runs.

Bobby Shantz won his sixth with a seven-hitter, giving up homers to Chico Carrasquel and Jim Heggen.

Dick Donovan won his fifth for the White Sox, who took a 3-2 lead in the fifth with a pair of runs on Billy laus' two-out error and a bases-loaded walk by loser Tom Brewer. Donovan gave eight hits—two to Ted Williams, who now is hitting .401—but permitted only two after the third inning.

Bill Tuttle, benched for weak hitting, delivered a pinning triple in the 11th to win for the Tigers.

Paul Foytack won his sixth, relieving in the ninth when the Senators tied it against starter Frank Lary.

Home runs by Gus Zernial and Lou Skizas won for the A's. Arnie Portocarrero won it, with relief help.

The Redlegs handed the Phils their third defeat in the last 10 games on an error, Jerry Lynch's pinch triple and Roy McMillan's

single for two 11th-inning runs against losing reliever Dick Farrell. Ed Bouchee's inside-the-park homer had given the Phils a 2-1 lead in the sixth, but Cincy tied it in the ninth, again with the help of an error. Johnny Klippstein won it in relief.

Sophomore Don Drysdale claimed his first major league shutout for the Brooks with a five-hitter. He struck out nine. Gino Cimoli drove in two runs, with his sacrifice fly breaking up a duel with Don Kaiser in the sixth. The Dodgers, winning their third in a row, iced it with three in the eighth.

An eighth-inning triple by Bob Malkmus—his first major league hit in 14 at bats—and a passed ball won for the Braves and reliever Ernie Johnson, who smacked a three-run homer, Joe Adcock and Bobby Thomson also slugged two each and Willie Mays and Whitey Lockman swatted one apiece for the Giants.

Lindy McDaniel won his fifth with a five-hitter after the Cards, who hung a sixth defeat on Bob Friend with a four-run first inning.

Investigates Reports Athletes Abuse Use Of 'Pep-Up' Pills

NEW YORK (AP)—Athletes and sports officials were on record today as saying they get their pep from training and physical conditioning, not from pills as stated in a resolution by delegates of the American Medical Assn.

The AMA Wednesday ordered a study by its trustees into "shocking" reports of dangerous abuse of potent pep-up pills by athletes. They called for a halt to any

abuses of drugs to make players superathletes.

Dr. Herbert Berger, chairman of the New York State Medical Society, said, "The recent rash of four-minute miles is no coincidence. When I was a college boy, the four-minute mile was as unlikely as flying to the moon."

His society introduced the resolution.

Don Bowden, University of California miler who was the first American to break the four-minute barrier, called the statements "ridiculous and silly."

"I don't believe anything could help you run a four-minute mile except top physical condition," he said.

Dr. Berger said he thinks the worst abuse is by boxing, secondly by professional and college football and other athletes, and thirdly by high school athletes.

James A. Farley Jr. of the New York State Athletic Commission said, "We have a competent and able medical staff checking fighters before and after every bout and I am convinced they could detect any violation of our rules which forbid the use of drugs before a fight."

Wait Byers, executive director of the National Collegiate Athletic Assn., and well known track coach George Eastmont of Manhattan both said they never heard of such a thing in intercollegiate athletics. Eastmont said he would ask for an investigation when the college track coaches meet next week in Austin, Tex.

Explaining the medical association's move, Dr. Berger said some drug addicts may get started by taking amphetamine and other stimulants while performing in athletics. "Amphetamine is by far the most dangerous drug existing today," he said, adding that there are widespread reports it is being used throughout the country by either athletes themselves or their coaches.

Bert Bell, commissioner of the National Football League which televises many of its games, said, "I am just as much against indiscriminate use of pep pills as anybody else—but I never heard of their use in athletics."

Homeworth, Bloomberg's, Purity Win

Purity whipped West End 20-1. Homeworth shutout Schwartz 21-0, and Bloomberg's edged Salem Drive in 6-5, in games played last night at Kelley Park.

Bloomberg's knocked the Drive in out of the undefeated ranks. After trailing 1-0 in the first inning, Bloomberg's scored three runs in the second and third innings.

In the bottom of the fourth, Drive-In tied the score, but in the sixth and seventh innings Bloomberg's tallied three runs while holding the losers to two tallies.

Purity wasted no time as they tallied 10 runs in the first two frames and then coasted to their victory.

Cox paced the winners with three for three and Smith had two for three to pace the losers.

Homeworth scored in every inning to win going away. Homeworth tallied 10 runs in the first three innings, and 11 more in the last two frames.

Davidson paced the winners with five hits in five trips to the plate, and Meissner and Leone got Schwartz's only hits.

Games on tap tonight are Drive-In vs Bloomberg's, 5:45; Kenmar vs Hendron's, 6:45; Kaiser vs Colen's 7:45; and Petrucci's vs Westville, 8:45.

Sammy Taylor, highly regarded by the Milwaukee Braves, is catching for Atlanta in the Southern Assn. He hit .358 for Topeka, Kan., in 1956.

Columbus Jets Lose To Montreal Royals

COLUMBUS, Ohio (AP)—The last place Montreal Royals shoved over an unearned run in the eighth inning to defeat the Columbus Jets 8-7 here Wednesday.

After Montreal had gone ahead 7-5 with a four-run rally in the top of the seventh, Russ Sullivan's error plus Jim Gentile's single and Jim Clark's double in the eighth gave the Royals the game. The Jets rallied for two runs in their half of the ninth, both scoring on a single by Johnny Powers, but fell one short of a tie.

Final Two Days Of Golf Championship

RYE, N. Y. (AP)—The final two days of the 53rd Seniors Golf Assn. championship got under way today at Apawamis Club, with more than 170 golfers attempting to better the final 36-hole 146 score of defending champion Franklin G. (Fritz) Clement of Lake Forest, Ill.

John W. Roberts of Columbus, Ohio who fired a 71 his first day, soared to 77 Wednesday for a 148 total.

YOU JUST CAN'T WIN
LOUISVILLE, Ky. (AP)—Carl Burkhead just can't win for losing.

Playing a par 3, 150-yard hole at Shawnee Golf Course Wednesday, Burkhead got down in the required number.

But his playing companions each did better. Ed Jones fired a hole-in-one, and Rich Metzger and Ed Schoenbachler were in, in two.

Yankees' Pride Hurt; Respond By Winning 3

CLEVELAND (AP)—The famous pride of the Yankees appears to have been hurt by a series of recent events—latest a scolding by their former shortstop Phil Rizzuto—and they've responded by winning three games in a row, bashing out 12 and 16 hits in the last two.

After Tuesday night's 7-4 victory here, old Casey Stengel said that maybe the addition of ex-Yankee Charley (King Kong) Keller to the coaching staff had helped make the Yankees act more like Yankees.

After Wednesday night's 13-3 pasting of the Indians, Manager Stengel may be considering finding some sort of job for Scooter Rizzuto, who dropped a few remarks in a luncheon speech Wednesday that reportedly shook up the world champs.

The Scooter, now a sports announcer, scooted into hot water with the undergraduates at his alma mater by saying the current Yankees "have been reading too many newspapers" and "think all the other players are going to roll over and play dead."

He also had a jab for Stengel, who, he said, contributed to a hurtful cockiness by saying in spring training that this year's team was "the greatest of all time."

"Now he probably wishes he could eat those words," Rizzuto said at a Cleveland Jaycee luncheon honoring Bob Feller, retired Tribe strikeout king.

"I don't see how this team compares to the teams of 1941 and '42 when the Yankees had such players as Joe DiMaggio, Joe Gordon, Tommy Henrich..." Rizzuto went on.

Rizzuto bemoaned his remarks during his broadcast back to New York of Wednesday night's game. "I went and opened my mouth," he said. "Now some of the Yankee players are mad at me and so they tell me is Stengel."

Announce Revision In LL Series Play

WILLIAMSPORT, Pa. (AP)—Little League Baseball Inc. has announced the first major revision in the 10-year history of its world series play.

The annual four-day summer world series will be condensed to three days with the field of eight finalists cut to four.

Instead of eight districts qualifying entries for the Williamsport playoff, four separate regional tournaments will be held.

Sites for the regional playoffs will be New York City for the east, Louisville for the south, Chicago for the north, and San Francisco for the west. Dates were not announced. Only winners in these regionals will make the trip to Williamsport, birthplace of organized baseball for 8-12 year-olds.

The world series will start Wednesday, Aug. 21 and end Friday, Aug. 23.

CHICAGO (AP)—It cost Chicago White Sox catcher Sherm Lollar \$5 for a recent conversation with a spectator during a game in Comiskey Park.

Lollar received notification he was fined that amount by the American League for breaking a league rule.

Defends A-Bomb Petition Signers

PASADENA, Calif. (AP) — The 2,000 scientists who signed a petition calling for an end to nuclear bomb tests are thoroughly qualified to speak as experts on the subject, says Dr. Linus Pauling, who prepared the document.

Pauling, a Nobel Prize winner who heads the bio-chemistry department at the California Institute of Technology, came to the defense of the signers Wednesday in the face of criticism from President Eisenhower, among others.

At his press conference the President said he had noticed that "in many instances scientists that seem to be out of their own field of competence are getting into the argument" over the danger of radioactive fallout from nuclear tests.

"It is absolutely wrong to say the signers are not qualified to speak out," said Pauling. "The leading geneticists in the nation signed. Most of the signers are biologists and are just the people who do know the biological effects of radiation. Nobody in the world is more competent to speak on this question."

The Chicago Tribune Press Service said in a Washington dispatch Wednesday night that a Senate subpoena had been issued for Pauling.

The dispatch said the Senate Internal Security Subcommittee headed by Sen. James Eastland (D-Miss) "indicated that it wants to quiz Pauling about his associates in the anti-bomb campaign which has been denounced in Congress as communist inspired."

How to buy a whole-home air conditioner for only about \$10 a month

Amazing? True! Simply install Gas air conditioning as part of your new home and pay for it on the mortgage. If you're building a new home you'll probably heat with Gas—and for only about \$10 more a month you can cool with Gas, too!

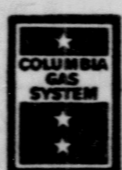

Imagine! Servel's new Gas unit heats and cools your entire house. And BECAUSE it's Gas, monthly cooling costs are much less than any other system. Gas air conditioning is quieter, too. There's no compressor to make noise... no moving parts to get out of order in the cooling system. You get a 5-year guarantee—and dependable Gas Company service. Convenient terms available.

Servel's GAS Year-'Round Air Conditioner does 6 jobs: heats in the winter... cools in summer... cleans the air... removes moisture on hot days... circulates the air... ventilates with outside air.

Inside Labor

By Victor Riesel

Be it a Harvard lecture or a hard-fisted goon squad, Jimmy Hoffa takes it all in stride. He has fought his way through both, always the defiant one.

Victor Riesel
Fifth Amendment when the Senate committee asks him to sit down.

Whatever else is Hoffa's creed, he is passionate in the belief that he fears no one, needs no one's help and no resource outside his tough inner being.

That strength will be tested, probably later this month, when as tough an interrogator as anyone has faced — Bob Kennedy — asks Hoffa to explain his associations and his personal business deals.

There will be little about Jim Hoffa which committee counsel Kennedy won't know.

This will be a duel to observe.

For on the outcome of this jousting rests one of the nation's mightiest industrial empires — the Teamsters Union.

IT IS REASONABLE to assume that James Riddle Hoffa has said he won't take the "Fifth" also because he has informed the same devoted lieutenants that he will run for the presidency of the Teamsters' Brotherhood.

And he has long said that he has the votes to put himself in, just as he believed that he could have re-elected Dave Beck, had he wanted to, before the second series of Senate hearings washed out that financier.

If Hoffa does take the Fifth Amendment, he could not be president of the Teamsters and still keep that union inside the AFL-CIO.

The labor code says so and there is no doubt that the AFL-CIO, under George Meany, would expel even the massive Teamsters Union if it elected a Fifth Amendment president.

So, oddly enough, it is the Senate hearing which disturbs Hoffa and not his upcoming federal trials.

HF BELIEVES he can beat the

trials. If not, he believes he will be free on appeal, even if convicted.

And if he is free, he will run for the presidency at the Teamsters' Miami Beach convention.

He is telling his people that he will be elected — that the delegates will believe him when he says that he did what he did "for the union."

This aerie he moves in is a world of its own with codes of its own and morality of its own and the delegate may well believe him at that.

But there is little of the dreamer about this fifth vice-president of the besieged empire. He is realist enough to know he has taken on the most sophisticated and scientific of foes — the Federal Bureau of Investigation.

AND IT SAYS he did wrong. Or rather it is documentation is the heavy stuff which the Justice Department will throw at the defiant one.

So realist Jimmy Hoffa is also preparing a "caretaker" govern-

ment for the empire — just in case he loses the federal case.

There are 13 men on the Teamsters' high command and he hopes to have a majority of these "rue as a 'junta' should he go to prison.

This junta will consist of a strange combination of intellectual and tough fighters — Harold Gibbons of St. Louis; Dusty Miller, head of the Southern States Conference of Teamsters; Larry Steinberg of Toledo; Johnny O'Rourke, head of New York's

Teamsters and one or two others whom Hoffa hopes to make vice-presidents in Miami Beach.

TO TEST his strength, Hoffa will make his first pass at power during the Teamsters high council meeting on or about June 10.

He will tell Beck to resign. If Beck refuses, and there really is no legal force to make him quit, Hoffa will move that the Teamsters' Executive Council technical-ly stay in session from mid-June until the convention. This could be

done by simply recessing its sessions instead of adjourning.

Thus Beck would lose his power, for he is second to the teams high council when-ever it is in session.

And if Hoffa can so maneuver this to happen, he will be running the Teamsters, he believes, unless the "Feds" topple him.

Penguins are descendants of ancient birds that had normal flying wings, but they lost the ability to fly millions of years ago.

BOY, 9, MAKES WILL

TULSA, Okla. (AP) — During a recent tornado alert, Ted Cobb, 9-year-old son of Highway Patrolman Ty Cobb of Tulsa, made out his "last will and testament" and taped it to his chest. The will said: "I leave everything I own to my friend George Draper Junior, if he isn't blown away first."

Preserving Your Health

By DR. EDWIN P. JORDAN
Rh Factor In Blood

For a number of prospective parents, or mothers of young children, inquire about what is the Rh factor in the blood. This is an extremely complicated subject to discuss briefly in simple terms so that unless there are new developments in the field, I am usually required to repeat a good deal of what I have said on this subject.

First, it must be said that the Rh factor is not present in the blood of all people. It is possible to test the blood for the presence or absence of the Rh factor.

However, this is only one aspect of the blood which can be tested by various laboratory procedures. The particular importance for the Rh factor lies in its relationship to pregnancy because it may have something to do with miscarriages or to an infant's disease known as erythroblastosis fetalis.

The Rh factor is complicated by the fact that it consists of several types. Stated most simply, however, 87 per cent of us have an ob-

secure substance in our blood which classifies us as being Rh positive. The other 13 per cent have Rh negative blood.

Those of us with this type blood can be sensitive to Rh positive blood, with possible dangers not only in pregnancy, but also from blood transfusion.

If a woman has Rh negative blood and becomes pregnant with a Rh positive child (because the father is Rh positive), the child may be born with erythroblastosis fetalis. However, this does not always occur.

The first child is usually healthy (and often later ones) unless the mother has previously received blood transfusions with Rh positive blood. This is something becoming more rare because of greater care in this regard.

Furthermore only about one woman in 25 or 50 with Rh negative blood and an Rh positive husband becomes sensitive and gives birth to a baby with erythroblastosis. Even if a newborn child should

develop erythroblastosis, much can be done by giving blood transfusions after birth, whereas three-quarters of the infants with erythroblastosis formerly died, now all but about one in 10 can be saved with the right kind of transfusions.

The situation may be summarized:

If both parents are Rh positive there is little to worry about. If the mother is Rh positive and the father is Rh negative, there is nothing to worry about. If the mother is Rh negative and the father Rh positive, occasional trouble can be anticipated, but this is by no means inevitable.

Finally, it should be clear from this brief discussion that the blood of prospective parents should be tested for the Rh factor. This should be done before, or at least early in, pregnancy.

Homeworth

Mrs. Letta Bohner of Winter Haven, Fla., is spending a month with her daughter, Mrs. Paul Wallace and family. She spent two days with Mr. and Mrs. William Ramsey of New Garden and the weekend with her mother and sister-in-law, Mr. and Mrs. Hazen Summers of Alliance.

Mrs. Bohner was a daughter of

the late Carey and Roseline Summer of North Georgetown.

Apricot-Lemon Salad Light

Warm days turn our thoughts to light and airy chiffon fruit salads. We think these two brighten your family menus.

Apricot-Lemon Salad

One cup canned apricot syrup (or apricot syrup and water), one 3-ounce package lemon-flavored gelatin, 2½ cups canned apricot halves (one 1-pound 13-ounce can,

drained), ¼ cup chopped cucumber, ½ cup chopped pecans, 1-3 cup mayonnaise, 2½ cups whipped instant nonfat dry milk crystals. Heat syrup to boiling point. Add gelatin; stir until gelatin is dissolved. Chill until thickened. Arrange 8 apricot halves in bottom of 1½ quart mold. Chop remaining apricot halves. Add chopped apricots, cucumber, pecans and mayonnaise to gelatin mixture. Blend. Mix with whipped instant crystals. Spoon into salad mold. Chill until firm (about 3 hours).

Bing Cherry Salad

One cup canned Bing cherry syrup (or cherry syrup and water), one 3-ounce package orange-flavored gelatin, 2½ cups canned pitted Bing cherries (one 1-pound 13-ounce can, drained), ½ cup chopped walnuts, 1-3 cup mayonnaise, 2½ cups whipped instant nonfat dry milk crystals.

Heat syrup to boiling point. Add gelatin and stir until dissolved. Chill until thickened. Chop cherries. Add cherries, walnuts and mayonnaise to gelatin mixture. Blend. Mix with whipped instant crystals. Spoon into 1½ - quart mold. Chill until firm (about 3 hours). Unmold. Garnish with crisp salad greens, as desired.

To whip instant nonfat dry milk crystals (makes about 2½ cups):

1. Mix ½ cup instant nonfat dry milk crystals with ½ cup ice water.
2. Whip until soft peaks form (3-4 minutes). Add 2 tablespoons lemon juice.
3. Continue beating until stiff peaks form (3-4 minutes longer).

A—No, you need not include the income earned before your accident. Your income will be computed on a proportionate basis, dating from the time you became totally and permanently disabled.

Veterans Guide

(By Veterans Administration)

Q—I was totally and permanently disabled in an accident recently, and I now plan to apply to VA for a pension. In figuring my annual income, do I include the money earned before my accident? If so, I know my yearly income will go above the maximum the law allows.

A—No, you need not include the income earned before your accident. Your income will be computed on a proportionate basis, dating from the time you became totally and permanently disabled.

Q—If a veteran dies without naming a beneficiary for his GI insurance policy and the money is paid to his estate, how will it be paid—in one lump sum or in monthly installments?

A—The insurance proceeds will be paid in one lump sum to his estate.

Q—I'm planning to sell my house and let the buyer assume my GI loan. In applying to VA for a release of liability, will there be any charges involved?

A—Yes. Either you or the proposed purchaser will have to pay for a credit report on the purchaser, as well as recording the Assumption Agreement and Release, if recording is necessary.

Q—Is on-the-farm training allowed for young men or women eligible for an education under the War Orphans school program?

A—No. The law limits War Orphans education to classroom studies only. Farm training would be prohibited.

Paper Plates Come Into Own

Today's young homemakers have learned that the drudgery of dishwashing can be intelligently bypassed. Modern paper plates offer one solution.

In the kitchen they can be used to protect work surfaces from dripping mixing spoons; placed under the flour sifter; and as handy platters when chopping fruit, vegetables and nuts.

They are hygienic for feeding the baby and their use banishes dirty dishes from after-school or midnight snacks.

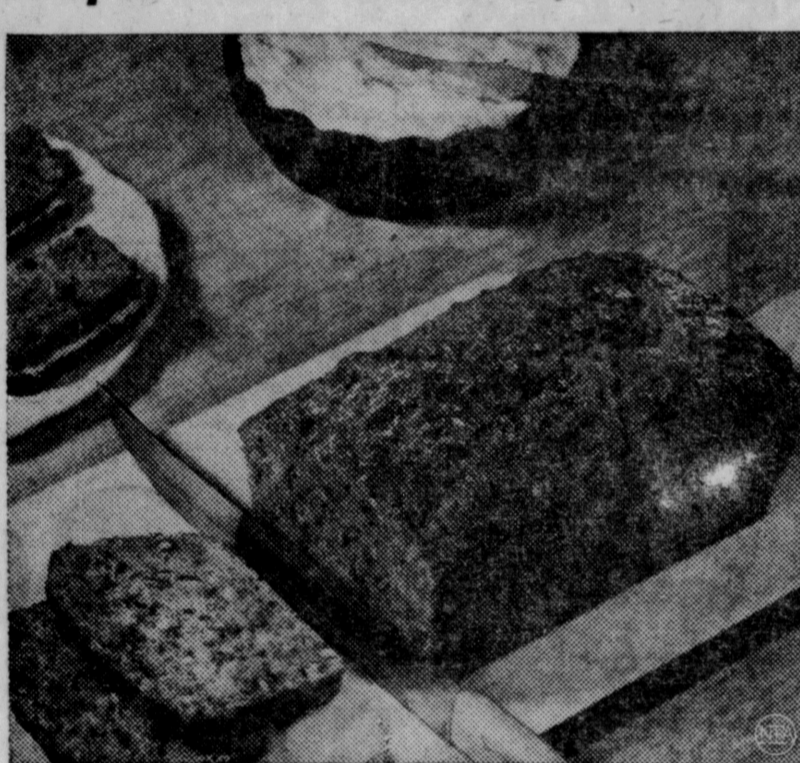

Celery-Oven-Fried Chicken
One half cup all-purpose flour, 1 teaspoon salt, ¼ teaspoon pep-

per, ¼ teaspoon celery seed, one 3-pound frying chicken, cut in serving pieces, ¼ cup melted butter or margarine, ¼ cup salad oil.

Combine flour, salt, pepper and celery seed. Coat chicken with the flour mixture. Combine butter or margarine and oil; pour into shallow baking pan. Arrange chicken, skin-side down, in butter or margarine mixture.

Bake in moderate oven (350 degrees F.) 45 minutes; turn chicken. Bake 45 minutes more or until chicken is tender; baste occasionally with drippings during baking period. Serve on plastic-coated paper plates.

Maple Nut Loaf from Vermont

The maple sugar season is always a big event in Vermont. To make that delicious event national, we found a recipe from the heart of the maple sugar country and now pass it on to you.

Mrs. Harry Hornick of Londonderry, Vt., gave it to us.

"At our house," she said, "where the tea or coffee pot is always on the stove, a slice of maple nut loaf

spread with butter, jam or cream cheese is such a delightful way to spend a few minutes while we enjoy the New England countryside through the kitchen windows."

Maple Nut Loaf

Two eggs, beaten; ¾ cup milk, ¾ cup maple syrup, 1-3 cup brown sugar, 2 cups sifted enriched flour, 3 teaspoons baking powder, 1 teaspoon salt, 1 cup rolled oats (quick or old-fashioned, uncooked), ½ cup chopped nuts, 1-3 cup melted shortening.

Mix together eggs, milk, maple syrup and brown sugar. Sift together flour, baking powder and salt. Add all at once to egg mixture, stirring lightly. Add oats, nuts and shortening, stirring only enough to combine. Pour batter into a greased waxed paper-lined loaf pan (1 pound size). Bake in a moderate oven (350 degrees F.) 50 minutes to 1 hour. Cool thoroughly on a wire rack before slicing.

Beloit

Mr. and Mrs. Bruce Reno of 275 W. Maryland Ave., Sebring, are the parents of a daughter born Saturday afternoon in Alliance City Hospital. Mr. and Mrs. Neal Chaney are the maternal grandparents.

Mr. and Mrs. Hank Hofmyer of Beloit and Mrs. Hofmyer's sister and brother-in-law, Mr. and Mrs. Floyd Smith of Alliance, visited for a week with relatives in Waynesburg, Pa.

Mr. and Mrs. John Meddle visited recently in Marietta with Mrs. Meddle's brother and wife, Mr. and Mrs. William Myers.

HELD FOR MANSLAUGHTER

CLEVELAND (AP) — Noah M. Henry Jr., 31, of Parma, and Edward Havrilla, 28, were charged with manslaughter Tuesday in the fatal beating of Emmett Brooks, 26, who died Sunday night in St. Vincent Charity Hospital. Brooks was allegedly beaten in an argument over \$20.

Chicken Casserole New Recipe

Looking for a new chicken dish? Then you might like to try this casserole of chicken, spaghetti and tomato sauce.

Apart from the poultry, the makings for this dish can be right on your pantry shelf because the recipe utilizes a package of spaghetti dinner with its pasta, sauce and grated cheese.

We tried this recipe adding tomato juice to the sauce; another time we added cooking sherry. We like both additions — so take your choice!

Chicken and Spaghetti Casserole

Ingredients: 1 broiler-fryer (2½ pounds ready-to-cook weight), 1 teaspoon salt, pepper, ½ teaspoon crushed dried oregano, ¼ cup olive oil, 1 package spaghetti dinner (containing spaghetti and meatless mushroom sauce and grated cheese), ½ cup tomato juice.

Method: Have chicken cut so there are 2 pieces of breast, 2 wings, 2 drumsticks, 2 second joints and 4 pieces of bony back. Mix salt, pepper to taste and oregano and rub into chicken pieces. Brown chicken thoroughly in 10- or 12-inch skillet in hot oil. Cook spaghetti according to package directions but undercook slightly because it will be put into the oven. Add tomato juice to chicken drippings in skillet along with the mushroom sauce from the package; stir over low heat with wooden spoon to get up any browned particles. Turn spaghetti into greased 2-quart casserole and mix with most of the sauce. Arrange browned chicken over spaghetti; pour remaining sauce over chicken. Sprinkle with grated cheese from the package. Cover and bake in moderate (350 degrees) oven until chicken is tender — 45 minutes to 1 hour. Makes 4 servings.

Quick Tricks
Prepared tomato spaghetti sauce is convenient to have on hand for jiggite dishes. Here are suggestions for using the meatless mushroom variety of sauce.

1. Heat the sauce and spoon into shirred egg dishes. Break 1 or 2 eggs into each dish. Sprinkle well with grated Parmesan or Romano cheese. Bake in a slow (325 degrees) oven until eggs are as set as desired.
2. Add drained chunks of tuna fish to the sauce and heat; serve with spaghetti.
3. Cube leftover roast beef and add to the sauce; heat and serve over steamed rice.
4. The sauce may be spooned over fish fillets or steaks that are to be baked. Or the sauce may be heated separately and served with broiled fillets or steak.
5. Heat the sauce and serve with meat loaf. Or add some of the sauce to the meat mixture when you are preparing the loaf.
6. Serve the heated sauce over sliced hard-cooked eggs or with a puffy omelet.

Try these variations with packaged vanilla pudding: stir in instant coffee, or tiny semi-sweet chocolate pieces.

Torten Is Hungarian Dessert

Many Hungarian families now in this country have brought with them treasured recipes for torten. These famous desserts are related to the cake family although they use little or no flour. Usually torten are made in round layers and richly filled and frosted.

The almonds that help make the base of the following torte may be put through a rotary-type hand-operated nut grater or they may be ground in a food chopper. Now that nutmeats are widely distributed in 5-ounce cans, each holding a convenient cupful, you can have them on hand on your kitchen shelves. Vacuum-packing assures freshness.

Chocolate Almond Torte

Ingredients: One 5-ounce can (1 cup) blanched almonds, 8 eggs (separated), 1 cup sugar, 1 6-ounce package (1 cup) semi-sweet chocolate pieces, ½ cup fine dry bread crumbs. Filling and Frosting.

Method: Set aside 24 of the almonds for the garnish. Put remaining nuts through a rotary-type hand-operated nut grater or through a food chopper using the fine blade. With rotary beater (hand or electric), beat together the egg yolks and sugar until thick and lemon-colored. Measure 2-3 cup of the chocolate pieces and melt over hot, not boiling, water; stir into egg - yolk mixture with bread crumbs and grated almonds. With clean rotary beater (hand or electric) beat egg whites until stiff but not dry; fold into almond mixture. Turn into 3 round layer-cake pans (each 8 inches in diameter); prepare pans by greasing bottoms, lining bottoms with waxed paper and greasing paper. Bake in slow (325 degrees) oven 25 to 30 minutes, or until torten surfaces spring back when touched lightly. Turn out on cooling racks and strip off paper. For garnish, melt remaining (1-3 cup) chocolate pieces over hot, not boiling, water. Dip one end of each of the 24 almonds reserved for the garnish into the chocolate and place on waxed paper; refrigerate to set. (Any melted chocolate leftover may be refrigerated in a tightly-covered container, then melted and used another time.) Put cake together with Filling and Frosting; insert almonds (chocolate-dipped ends down) in circles in top of cake. Makes 10 servings.

Filling and Frosting
Ingredients: ½ cup apricot preserves, rum or brandy flavoring, 1½ cups heavy cream, 2 teaspoons instant coffee, sugar. Method: Stir the rum or brandy flavoring (to taste) into the apricot preserves.

Add the instant coffee to the cream; with rotary beater (hand or electric) beat cream until almost stiff. Gradually beat in sugar to taste — from 1 to 5 tablespoons. Spread apricot preserves over tops of 2 layers of the cool cake; top with some of the whipped cream; put together. Top with third layer and spread with remaining cream.

Testing Note

When we prepared and served this torte it was much enjoyed by all our tasters. We made the cake layers in the morning, cooled them and then covered them tightly. The layers can be handled carefully but gingerly without damage. Just before the torte was to be served as a dinnertime dessert, we put

the layers together with the filling and frosting. But you can, of course, fill and frost the cake ahead of time; in this case you will have to store it in the refrigerator until serving time. If you follow our method, mix the apricot preserves and brandy or rum flavoring well ahead so the two flavors will have time to mellow together.

INJURED FATALY IN CRASH
Tiffin, Ohio (AP)—Norman Deppen 32, of nearby Ink, Ohio, was injured fatally Tuesday night in an accident involving two trucks of the Baumgardner Co., a builders supply firm, 6½ miles north east of Tiffin on Ohio 101.

only 200 calories per serving! SUMMER MEAL FOR MODERNS, COOL, COMPLETE, SERVES 6!

HOW TO MAKE COOLIME SALAD

- 1 pkg. lime-flavored gelatin
- ¾ cup boiling water
- 1 cup Sealtest Buttermilk
- 1 cup Sealtest Cottage Cheese, beaten until almost smooth (or finely chopped onion)
- 1 tsp. white vinegar
- 1 tsp. bottled horseradish
- 1 tsp. salt
- Dash pepper and paprika
- ½ cup finely chopped celery
- ¼ cup thin slices of small radishes

Dissolve gelatin in boiling water. Cool to room temperature. Stir in buttermilk and cottage cheese until well blended. Chill until slightly thickened. Combine remaining ingredients. Fold into slightly thickened cheese-gelatin mixture. Pour into 1-qt. mold which has been rinsed in cold water. Chill until firm. Unmold on crisp salad greens. 6 servings (116 calories per serving). Serve with Sealtest Skim Milk.

Summer meal that everyone loves—even the cook. Just serve tasty COOLIME SALAD, made with Sealtest Cottage Cheese and Sealtest Buttermilk, and serve it with Sealtest Skim Milk. You'll be giving your family a wealth of summer health vitamins and minerals in a wonderfully satisfying, but not fattening, modern meal. The perfect cool-kitchen meal, too.
